SUBJECT : Revisions to FY 2016 Salary Schedules and Insurance Rates

After the printing of the FY 2016 Budget Instructions and Policies Manual (BIM), two (2) memorandums were submitted that changed and revised certain schedules and rates as follows:

These rates replace those cited in Appendix F-1, page 62; and Section XIII, B, 2-3, page 16.

Both of these memorandums and attachments are also included in the BIM at the end, as addendum. It is imperative to provide these documents promptly because budget development has started.

Your cooperation is appreciated.

BE IT ENACTED:

A. The Budget and Finance Committee hereby accepts the Navajo Nation

total gross recurring revenue of \$217,785,000 and net total general  
fund of \$163,384,000, attached as Exhibit A, which is less the set-  
asides of the projected revenue for:

B. The Navajo Nation Branch Chiefs, by agreement dated June 9, 2015,  
recommended the General Fund Allocations totaling \$172,654,000,  
recognizing that difference with the Fiscal Year 2016 General Fund

excess actual revenues less the actual expenses or the net income

realized of the General Fund or other fund sources prior to the close of the Fiscal Year 2015. The Branch Chiefs Agreement attached as Exhibit B.

- H. The Budget and Finance Committee directs that indirect cost funding be distributed to eligible branches, divisions, departments, offices, programs and entities of the Navajo Nation, in accord with the currently approved indirect cost proposal, and further directs all required programs to comply with Resolution BFMV-13-10, the Indirect Cost Service Tracking Policies and Procedures, particularly the Personnel Activity Reporting requirement.

# **THE NAVAJO NATION FISCAL YEAR 2016 BUDGET INSTRUCTIONS MANUAL**

## **I. PURPOSE AND AUTHORIZATION**

### **A. Purpose**

The Budget Instructions Manual (BIM) is designed to provide instructions and information for the development of the Navajo Nation comprehensive budget.

Copies of the BIM are available from the Records Management Department, (505) 371-5113 or on the Navajo Nation Office of Management and Budget (OMB) website at: [www.omb.navajo-nsn.gov](http://www.omb.navajo-nsn.gov). For inquiries regarding the budget development process, OMB can be reached at (928) 871-6046/6470 and via e-mail at: [customer\\_service@www.omb.navajo-nsn.gov](mailto:customer_service@www.omb.navajo-nsn.gov).

### **B. Authority**

The Appropriations Act (12 N.N.C. § 800 - 880) is the primary Navajo Nation legislation which authorizes the process of developing the annual Navajo Nation comprehensive budget.

The Appropriations Act (12 N.N.C. § 800) states that the Navajo Nation government has a fiduciary responsibility to:

- Account for public funds.
- Manage finances wisely.
- Plan for the adequate funding of services desired by the Navajo people, including the provision and maintenance of public facilities.
- Establish policies and procedures for the preparation, adoption, and implementation of the annual Navajo Nation Comprehensive Budget.

Other Navajo Nation legislation and policies, some of which are referenced in this manual, provide further information regarding fiscal and budgetary matters. These include: Branch Chief Authorities, Budget and Finance Committee and other legislative oversight committee authorities, program Plans of Operation, and program Fund Management Plans. For any differences between contents of this BIM and Navajo Nation law, the law shall take precedence.

## **II. PERFORMANCE BUDGETING AND PERFORMANCE ASSESSMENTS**

### **A. Performance Budgeting**

The Navajo Nation government utilizes performance budgeting as a factor in making budget decisions. The Navajo Nation's Appropriations Act mandates a budget development process which includes the use of program performance information.

Performance budgeting is a method that incorporates the use of program performance criteria (goals and /actuals results) per Budget Form 2 to assist with the allocation of funds during the

budget development process. Other factors are considered when making budget decisions, such as:

- Personnel
- Budgeted vs. actual expenditures
- Prior year(s) budget revisions
- Carry-over funds availability and usage
- External funds availability and usage
- Supplemental funds availability and usage
- Political priorities

Measurable program performance criteria are required for each program budget using Budget Form 2 information as well as information from the program's respective oversight committee. Performance results are reported on a quarterly basis.

## **B. Methodology**

During budget development, program managers develop five (5) significant program performance criteria/goal statements for relevant aspects of program performance areas. Programs may develop more criteria for their internal use, but five (5) are required for the budget process. The goal statements should address major relevant program performance areas and be measurable on a quarterly basis.

## **C. Program Performance Assessments**

At the end of each quarter, program managers submit the actual quarterly results for the goal statements established and approved for each program budget to OMB. The OMB Management & Policy Section will perform quarterly program assessments and generate reports based on the goals and actual accomplishments reported by program managers on Budget Form 2. Quarterly performance reports will be disseminated to key officials.

A simple rating method is used to determine program performance scores. Program performance scores are based on performance criteria developed by program managers during budget development and actual results reported by program managers on a quarterly basis. OMB program analysts use a comparison of goal statements to actual results and determine scores for each goal statement. Scores range from 0 to 3 using the following scale:

3	Exceeded	-	Indicates the program exceeded their goal statement.
2	Met	-	Indicates the program met their goal statement.
1	Not Met	-	Indicates the program did not meet their goal statement.
0	No Report	-	Indicates the program did not report actual results to OMB.

An overall performance score is determined by calculating the cumulative average of all quarterly performance goal scores which becomes the program's average performance score. Any program that receives any additional funding during the fiscal year (carry-over, supplemental funding, etc.) must REVISE their current Budget Form 2 to incorporate the new performance criteria associated with the additional funding. Contact OMB's Management & Policy Section for further information and/or instructions, if needed.

### **III. FINANCIAL MANAGEMENT INFORMATION SYSTEM (FMIS) BUDGETING**

#### **A. Financial Management Information System (FMIS) Budgeting**

The Navajo Nation's financial system, FMIS, uses financial software and technology structured for the Navajo Nation's organizational and periodic financial reporting requirements.

Administration of the FMIS budget data is the responsibility of OMB and Office of the Controller responsible for administration of the FMIS expenditure data. Generally, the system maintains budget information on various budget ledger types, such as ledgers for budget development, final budget and budget revisions. Budget ledger types are administered by OMB and are used with other FMIS ledgers to provide budget status and other important financial information to verify availability of funds or to generate reports.

The Office of the Controller, at the request of the OMB, assigns general fund business unit (BU) numbers for each Navajo Nation program and these numbers are maintained in the FMIS for financial budgeting and accounting purposes. Budget development and administration in the FMIS are maintained within the assigned business unit number. Navajo Nation programs may have multiple business units or numbers depending on funding source(s).

The FMIS is designed to allow remote access and usage by trained and authorized Navajo Nation employees. FMIS remote usage currently includes inquiry access to budget data. Program managers can contact the Office of the Controller FMIS support staff at (928) 871-6337 for more information on FMIS access requirements and training opportunities.

#### **B. Chart of Accounts for Budgeting Purposes and Level of Detail (LOD)**

The official Navajo Nation Chart of Accounts uses a 4-digit coding system (object codes) to maintain line-item revenue and expense information in the FMIS. Appendix A, Chart of Accounts and Level of Detail for Budgeting Purposes, shows the various object codes to be used in the development of the Navajo Nation budget. Each object code in the chart is assigned a level of detail ranging from 3 to 7. Accounts at LOD 7 are the most detailed and accounts at LOD 3 are less detailed. Those accounts at a lesser level of detail are primarily used for generating budget or financial reports on a sub-totaled basis. Data entered at a higher level of detail (usually 6 or 7, depending on the ledger type) allows for information to be rolled up or down for reporting and inquiry purposes, as well as for budgeting or expenditure reporting and sorting purposes.

Budget data on the budget ledger are entered at a LOD 6, except personnel fringe benefits, which are budgeted at LOD 5 in object code 2900. All procurement and financial accounting of actual expenses are processed at the LOD 7 by the Office of the Controller. Budget amounts at LOD 6, if sufficient funds are available, will cover any LOD 7 object code expenses within that LOD 6 object code. This allows programs to budget at a lesser level of detail and account for expenditures at LOD 7.

### **IV. BUDGET TIMETABLE AND PROCESS**

#### **A. Budget Development Process Chart**

The chart displayed on the next page shows the annual Navajo Nation budget development process which starts with the Budget and Finance Committee approvals of the BIM, calendar, revenue projections and Branch Planning allocations. From there, the completed budgets are prepared and

submitted to the Office of Management and Budget. The prepared budgets, along with other budget related information go through several reviews and final approval by the Navajo Nation Council.

**B. Annual Budget Calendar**

The Navajo Nation annual budget calendar is designed to ensure timely completion of key budget development activities and to identify the responsible parties involved in the budget development process. It also provides the due dates and flow of budget activities at various levels of the Navajo Nation government. The budget calendar is approved by the Budget and Finance Committee at the beginning of each budget season and is usually included with the approved committee budget resolution.

**V. FUND ALLOCATIONS**

**A. General Fund Planning Allocations**

The Navajo Nation general fund branch planning allocations based on projected revenue are approved by the Budget and Finance Committee at the beginning of the annual budget preparation process. Upon approval of the branch planning allocations, each Branch Chief establishes the general fund planning amounts for their respective divisions or programs for the preparation of the fiscal year budget.

**B. Proprietary, Fiduciary and Special Revenue Fund Budget Allocations**

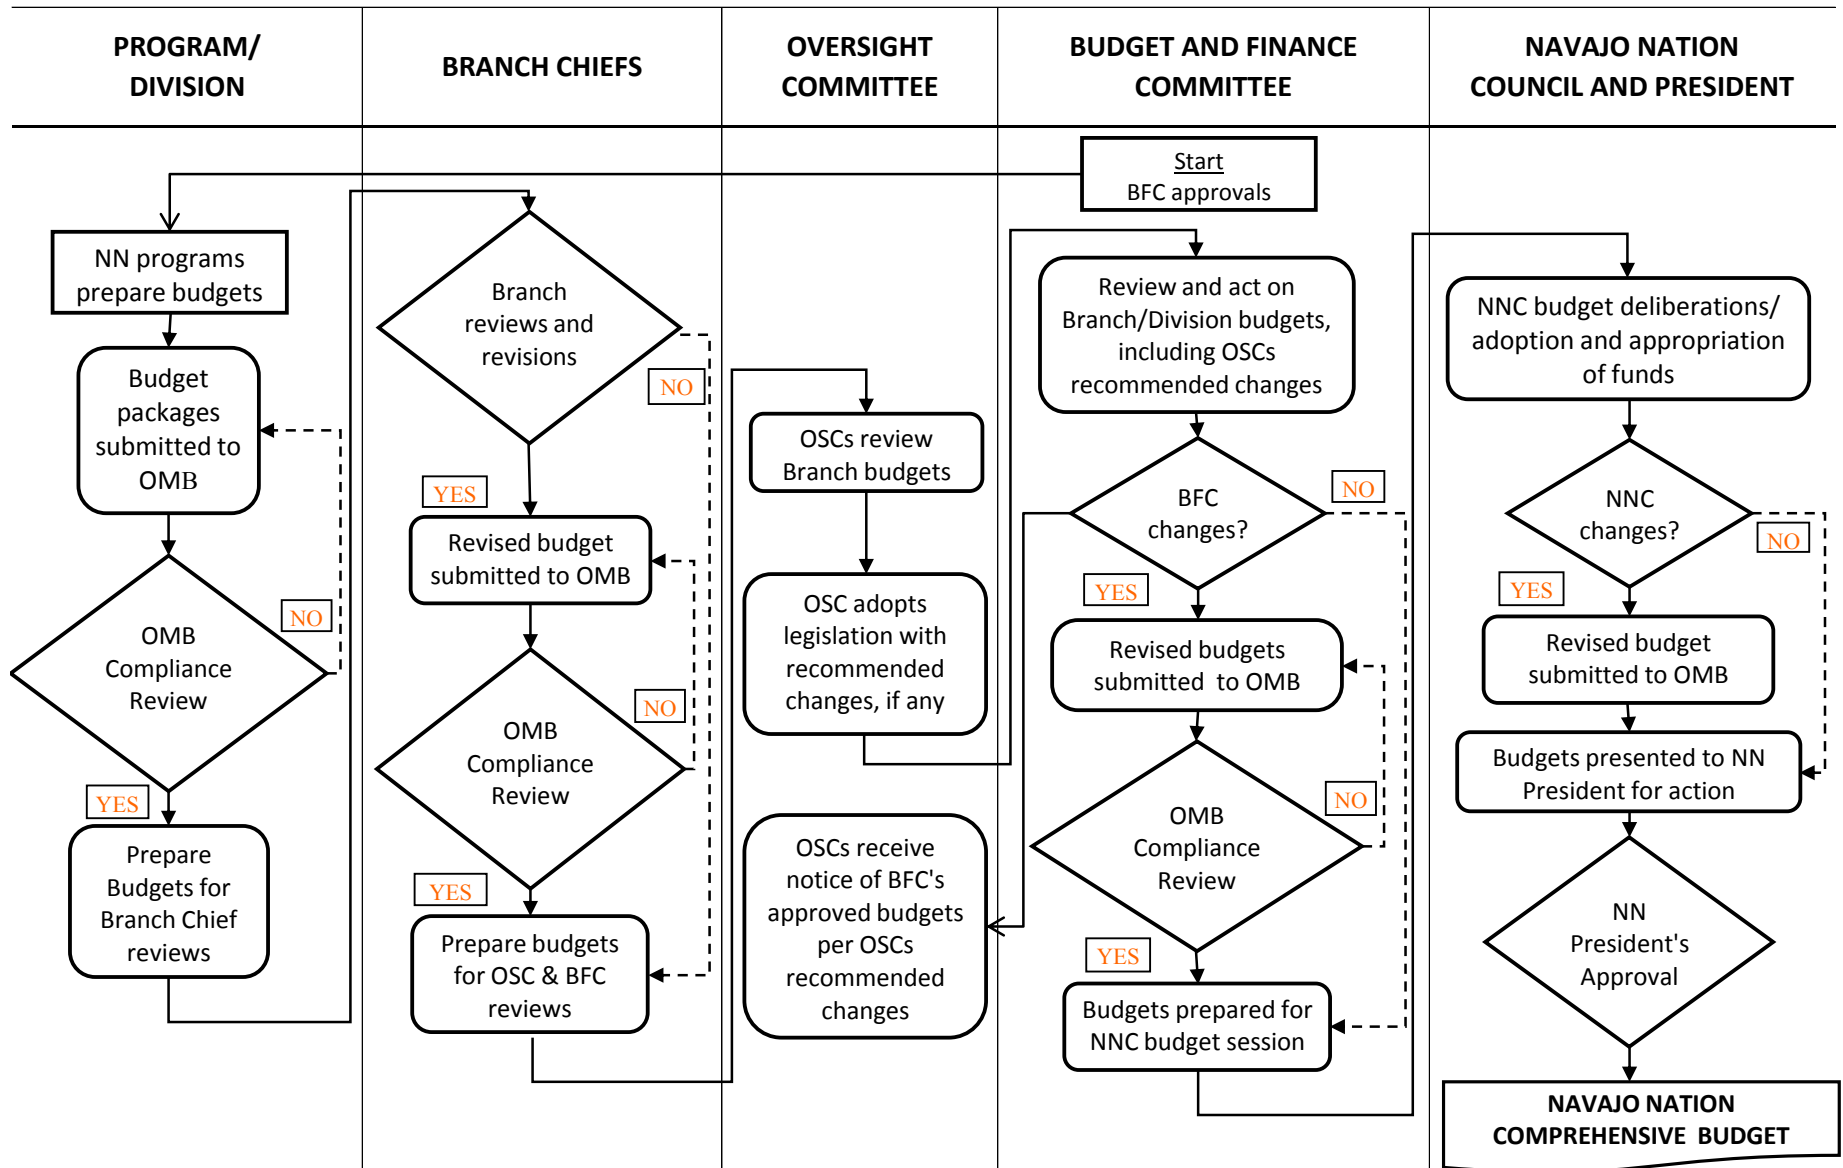

Amounts for proprietary, fiduciary and special revenue fund allocations for budgeting purposes are based on approved legislation establishing these funds. The allocation amounts are provided by the Office of the Controller. Budgets must be prepared and submitted by recipient programs to OMB based on these pre-determined funding allocations.

**C. Indirect Cost (IDC) Recovery and Personnel Savings/Lapse Fund Allocations**

These fund sources are either formula-based (IDC) or mandated by Navajo Nation Council legislation (Personnel Savings/Lapse Fund). OMB shall provide the indirect cost (IDC) recovery allocations or the lapse fund amounts, if any, to be used by eligible programs in the preparation of their budgets. IDC funds can only be allocated to and budgeted by those offices and programs eligible to receive these funds.

The amount of IDC allocated to eligible programs will be in addition to their allocated General Funds and other Navajo Nation funds. The cumulative amount of such funds will serve as the program's base budget or budget planning amount in submission of their proposed Navajo Nation fiscal year budget. See Appendix L at page 80 for additional information.

- 10 All budget revision documents will be processed through the appropriate Division or Branch office for review and approval prior to submittal to OMB for further processing.

#### **F. Budget Revision Request Process**

1. For Navajo Nation funds, programs must complete and submit a BRSAF at the beginning of each fiscal year and upon change of signatory personnel, before any budget revision request

can be processed.

- a. All positions must be budgeted either at Step A of the assigned grade of the classification as determined by the respective Personnel Office, or if occupied, at the incumbent's current grade/step. Annual salaries are determined by multiplying the hourly rate of pay by 2,080 hours.
  - b. Positions budgeted for a portion of the fiscal year or cost-shared:
    - (1) Positions budgeted for a portion of the fiscal year must be designated by the total number of work hours and specify the timeframe in the budget. The proposed salary is calculated by taking the total number of work hours multiplied by the hourly rate of pay using the appropriate salary schedule.
    - (2) Positions that are cost-shared between multiple sources of funding must be designated by a number of hours and associated salary on Budget Form 3 and 5. The proposed salary is calculated by taking the total number of work hours multiplied by the hourly rate of pay for each source of funds.

- (c) Determine the dollar amount difference between the new hourly rate of pay and the current hourly rate of pay.
- (d) Multiply the hours to be paid at the new hourly rate (from (1) (b) above) by the dollar amount difference calculated (from (1) (c) above).
- (e) The amount determined in (1) (d) above must be budgeted in the Salary Adjustment, object code 2200.

Implementation of this type of salary adjustment for external funded programs shall be based on funds availability verified by OMB and OOC.

- 5. Merit Pay Bonus.** Merit pay bonus are subject to approval by the respective Personnel Office. The employees must not have received a step increase during the applicable rating period to be eligible for a merit pay bonus. These costs must be absorbed by the program and budgeted in object code 2710

## **B. Budgeting Insurance Expenses**

### **1. Criteria for determining vehicle insurance rate and premiums.**

All vehicle(s), whether assigned through Navajo Nation Fleet Management Department, department/Chapter purchased or GSA leased vehicles, will be **required** to establish an insurance premium line item (budget) amount for auto physical damage, and if applicable, auto liability coverage, and a deductible line item (budget) amount. The insurance rates for fleet vehicles are shown in Appendix F-1 of this BIM. For any questions regarding vehicles insurance, call Risk Management Department at (928) 871-6335.

### **2. Property.** Each Division, department, program or Chapter is **required** to budget for property insurance premiums. The rates and deductibles are as follows:

<b>Coverage</b>	<b>Rate</b>	<b>Per Value</b>	<b>Deductible</b>
Contents	1.11	\$1,000	\$1,500
Contractor's equipment	1.11	\$1,000	\$1,500

Example: Program reports \$50,000 in total insurable values (TIV) for its property contents and contractor's equipment. Formula:  $\$50,000 \text{ (TIV)} \div \$1,000 = \$50 \times 1.11 = \$ 55.50$ . Program should then budget \$55.50 for property premium based on the TIV report.

### **3. General Liability.** Each Division, department, program or Chapter is **required** to budget for general liability coverage to cover unforeseen accidents within the work environment. General liability rate are \$0.20 (20¢) per \$100.00 of payroll.

Example on calculating the Budget for Recovery of IDC:

- Total Funds Awarded is \$150,000.
- Exclusions consist of \$30,000 for vehicle purchase; \$15,000 for computer purchase for a total of \$45,000.

**TITLE TWELVE**

**Fiscal Matters  
Chapter 7  
Appropriations**

**§ 800. PURPOSE**

The Navajo Nation Government has a fiduciary responsibility to account for public funds, to manage finances wisely, and to plan for the adequate funding of services desired by the Navajo People, including the provision and maintenance of public facilities. This Act is designed to establish the policies and procedures for the preparation, adoption and implementation of the annual Navajo Nation Comprehensive Budget. In order to achieve this purpose, this Act has the following objectives for the Comprehensive Budget's performance:

(A) To fully protect the Navajo Nation Government's policy making ability by ensuring that important policy decisions are made in a manner consistent with rational planning.

(B) To provide sound principles to guide the important fiscal decisions of the Navajo Nation, including the adoption of Generally Accepted Accounting Principles.

(C) To set forth principles to efficiently fund the cost of government within available resources, to the extent consistent with services desired by the public or mandated by Navajo law, and which minimize financial risk.

(D) To employ policies which distribute the costs of government services between the branches, divisions, departments, and programs and which provide available funds to operate desired programs.

(E) To provide for essential public facilities and provide for the maintenance of the Navajo Nation's existing public facilities.

**§ 810. DEFINITIONS**

For the purposes of this Act and sections of this Act, the following definitions shall apply:

## Appendix M

(E) "Capital Budget" means the amounts appropriated for the current year of the Capital Improvement Plan.

(F) "Capital Improvement" means a major project undertaken by the Navajo Nation that is generally not recurring on an annual basis and which fits within one or more of the following categories:

1. All projects requiring debt obligation or borrowing;
2. Any acquisition or lease of land;
3. Purchase of major equipment or vehicles, with a life expectancy of five years or more, valued in excess of an amount to be established by the Controller;
4. Major building improvements that are not routine maintenance expenses and that substantially enhance the value or extend the useful life of a structure;
5. Construction of new buildings or facilities including engineering, design, and other pre-construction costs with an estimated cost in excess of an amount to be determined by the Controller; and/or
6. Major equipment or furnishings required to furnish new buildings or other projects, the cost of which is above a certain amount to be established by the Controller.

(G) "Capital Improvement Plan" means a recurring multi-year plan for capital improvements identifying each capital improvement project, the expected beginning and ending date for each project, the amount to be expended in each year, and the method of financing those expenditures.

(H) "Comprehensive Budget" means a budget which includes a Capital and an Operating Budget covering all governmental proprietary and fiduciary funds for each annual fiscal year.

(I) "Condition of Appropriation or Expenditure" means a specific contingency placed on an appropriation by the Navajo Nation Council at the time the appropriation is made creating legal conditions precedent to the expenditure of funds. Appropriated funds or any other funds received by the Navajo Nation on which a condition of appropriation or expenditure is placed may not be lawfully expended until the condition of appropriation or expenditure is met. It is the responsibility of the Controller to ensure that funds are expended in accordance with the conditions placed on the appropriation or expenditure.

## Appendix M

resolution, it must be voted upon and adopted by a majority of the Navajo Nation Council. Legislative concerns which are not voted upon, will not be appended to the budget resolution, but will be referred to the appropriate Branch Chief in memorandum form by the Speaker of the Navajo Nation Council.

(S) All funds of the Navajo Nation Government shall be classified and defined as follows:

The acquisition, use and balances of the Navajo Nation's expendable financial resources and the related liabilities (except those accounted for in proprietary funds and the long-term obligations account group) are accounted for through governmental funds. The measurement focus is based upon determination of changes in financial position, rather than upon net income determination. The following are the Navajo Nation's governmental fund types:
  - a. "General Fund." This Fund is the general operating fund of the Navajo Nation. It is used to account for all financial resources except those required to be accounted for in another fund.
  - b. "Special Revenue Fund." This Fund is used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. This fund includes Externally Restricted Funds which is defined as Funds received by the Navajo Nation from sources other than the Navajo Nation for a specific purpose.
  - c. "Capital Projects Fund." This Fund is used to account for the financial resources and expenditure for the acquisition or construction of those capital improvements defined in Subsection (F) above (other than those financed by proprietary funds and fiduciary funds).

2. "Proprietary Fund Types." Proprietary funds are used to account for the Navajo Nation's ongoing organizations and activities which are similar to business operations in the private sector. The measurement focus is upon determination of net income and capital maintenance. The following are the Navajo Nation's proprietary fund types:
  - a. "Enterprise Fund." This Fund is used to account for Navajo Nation operations that are financed and operated in a manner similar to private business enterprises - where the intent is that the costs of providing goods or services to the public be financed or recovered primarily through user charges; or where a periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for accountability purposes.
  - b. "Internal Service Fund." This Fund is used to account for the financing of goods or services provided (inter and intergovernmental) on a cost-reimbursement basis.
3. "Fiduciary Fund Types." Fiduciary funds are used to account for assets held by the Navajo Nation in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. These funds include but are not limited to expendable and nonexpendable trust funds, and pension trust funds, etc. Expendable trust funds are accounted for in a manner similar to governmental funds. Nonexpendable trust funds and pension trust funds are accounted for in a manner similar to proprietary funds.
4. The foregoing definitions concerning fund types shall not be deemed to create any exceptions to the Navajo Nation Sovereign Immunity Act.

### **§ 820. OVERALL BUDGET POLICIES**

If matching funds are not obtained from the external sources, the appropriated funds shall revert to the Unreserved, Undesignated Fund balance.

(H) Long-Term Debt. Annual debt service for long-term debt shall not exceed eight per cent (8%) of annual recurring revenue and long-term debt shall not be authorized until the impact of annual debt service on the annual operating budget, including sinking fund contributions, has been analyzed and a determination has been made that debt service payments are in compliance with this Section.

(I) Capital Budget. Development of the Capital Budget shall be coordinated with development of the Operating Budget. All budget requests for capital improvements shall be in compliance with an adopted Capital Improvement Plan and shall not be approved unless in compliance with the Plan.

(J) Establishment of Reserves. The Minimum Fund Balance may be amended only by two-thirds (2/3) vote of the full membership of the Navajo Nation Council. The Controller shall keep the Office of the President, the Office of the Speaker and the Budget and Finance Committee of the Navajo Nation advised at least quarterly as to the status of the Minimum Fund balance for Unreserved, Undesignated Fund Balance. Further, Unreserved, Undesignated Fund Balance shall not be utilized for funding recurring expenditures or operations of the Navajo Nation government.

(K) Receipt of Additional Revenues. Funds received in excess of the initial or current revenue projections shall be deposited into the General Fund Unreserved, Undesignated Fund balance unless otherwise designated by the Navajo Nation Council.

(L) Supplemental Appropriations. The Navajo Nation Council may adopt and approve supplemental appropriations to the Annual Comprehensive Budget during the fiscal year. Supplemental appropriations of General Funds within the current fiscal year are permitted, if and when additional sources of revenues above and beyond the initial or current revenue projections are projected and which are also in excess of the reserve amount set forth at § 820 (J). Upon notification from the Controller of additional projected funds, the Budget and Finance Committee may convene budget hearings for the purpose of hearing and considering requests for supplemental appropriations. Supplemental appropriations to programs or activities with approved fiscal year operating budgets must be supported by additional recurring revenues for the same fiscal year. The Budget and Finance Committee, at the recommendation of the respective oversight standing committee(s), may recommend supplemental appropriations to the Navajo Nation Council. Supplemental appropriations made from non-recurring revenues shall only be made for non-recurring operations or purposes, as set forth at § 820 (F). The Controller of the Navajo Nation shall be responsible for designating recurring and non-recurring revenues and purposes.

(M) Office of Management and Budget. The Office of Management and Budget, as authorized by its Plan of Operation as amended, shall be responsible for consolidation and preparation of all phases of the Navajo Nation budget. All requests for annual operating funds and supplemental funds shall be submitted to the Office of Management and Budget for budget impact analysis and other appropriate action.

(N) Appropriations Lapse. Appropriations approved by the Navajo Nation Council will lapse at the end of the fiscal year unless otherwise designated by the Navajo Nation Council. Appropriations to the chapters of the Navajo Nation shall not lapse at the end of the fiscal year provided that the chapters shall budget those funds in the subsequent fiscal year in accordance with the purposes and conditions originally set forth by the Navajo Nation Council in its appropriations.

(O) Distributions to Chapter. Where not otherwise prohibited by existing law, any appropriation intended for distribution to all chapters of the Navajo Nation shall be allocated as follows: fifty percent (50%) of the appropriation shall be divided equally among all chapters and the remaining fifty percent (50%) shall be divided proportionately among the chapters using a percentage equal to that figure which the number of registered voters in each chapter bears to the whole of registered Navajo Nation voters as determined by the most current voter registration figures available as of the date of the appropriation.

(P) Navajo Nation Grants. Any entity of the Navajo Nation requesting a grant from the Navajo Nation through the submission of a budget request shall first meet the following requirements:

1. The program receiving the grant shall have an approved plan of operation;
2. The budget request shall be a part of a recommended division or branch budget;
3. The respective oversight committee for the division or branch shall have made an affirmative recommendation on the request.

(Q) Local Government Improvement Funds are used to address the improvement needs of the local governments that may consist of, but are not limited to, house wiring and bathroom additions. An amount equal to the actual cost of proposed projects but not to exceed twenty-five percent (25%) of that year's capital improvement appropriation will be appropriated into the Local Government Improvement Funds for these projects. Additional amounts may be appropriated from time-to-time or may be obtained from other resources.

### **§ 830. BUDGET PLANNING AND PREPARATION**

The Office of Management and Budget shall prepare budget instructions for each fiscal year which shall be approved by the Budget and Finance Committee no later than 30 days after the Controller releases the annual revenue projection as delineated at §830 (C). The budget instructions shall include fiscal, operational, policy guidelines, budget development timelines and planning base amounts for each fiscal year for the Executive Branch, the Judicial Branch and the Legislative Branch.

(I) Preparation of the Budget. Based upon the priorities and budget ceilings established by the method described in Subsection (H), each branch, division, department, and program of the Navajo Nation government shall prepare a budget request, which shall be submitted to the Office of Management and Budget pursuant to the time lines established in the annual Budget Instructions Manual. Contents	1.08	\$1000	\$1,500
Contractors Equipment	1.08	\$1000	\$1,500

Example: Program reports \$50,000 in total insurable values (TIV) for its property contents and contractors equipment. Formula:  $\$50,000 \text{ (TIV)} \div \$1,000 = \$50 \times \$1.08 = \$54.00$ . Program should then budget \$54.00 for property premium based on TIV reported.

3. **General Liability.** Each Division, Department, Program or Chapter is **required** to budget for general liability coverage. General liability rates are \$0.19 per \$100.00 of payroll.

Example: Program reports \$500,000 in payroll (including fringe benefits). Formula:  $\$500,000 \text{ (payroll)} \div \$100 = \$5,000 \times \$0.19 = \$950.00$ . Program should then budget \$950.00 for general liability premium based on reported payroll.
