Subject: **Fiscal Year 2023-General Fund Revenue Projection**
Recommended General Fund Revenue for FY 2023 Budget

Below is the Initial Fiscal Year General Fund Revenue Projection for FY 2023. The factors that were considered were oil and gas pricing, production levels, Russian invasion of Ukraine, the Federal Reserve announcement suggesting it will raise interest rates eleven times through 2023, high inflation rate, increased commodity prices and the American Recovery Plan Act. Total gross revenue projection (both recurring and non-recurring) is \$213.8 million. After the set asides of \$54.9 million are taken out, the Net Total General Fund Revenues of \$158.9 million is available for budgeting.

(\$1=\$1,000)	<u>Recurring</u>	<u>Total</u>
Total Gross Recurring/Non-recurring Revenue:	\$213,803	\$213,803
TOTAL GROSS REVENUES	\$213,803	\$213,803
 Total Set-Aside Subtotal	 \$ (54,885)	 \$(54,885)
NET TOTAL GENERAL FUND	\$158,918	\$158,918

Considering the decline in COVID-19 cases, mask-wearing has waned, majority of schools are open for in-person learning and government offices are starting to reopen. However, inflation is at a 40-year high in the United States and has driven up the costs of necessities like energy, food, and rent. Russia's war on Ukraine pushes oil prices to record highs and worsen price pressures further. Even once the war ends, the financial market predicts the sanctions against Russia for invading Ukraine will stay in place for a long time. That will make the supply-chain issue worse, push up the prices of commodities and higher inflation.

The Navajo Nation Minerals Department used the U.S. Energy Information Administration data to project the average oil futures for this revenue projection. Trend analysis was performed over several years; current industry challenges were considered. The information collected from Navajo Transitional Energy Company (NTEC) contributed to the revenue projection of \$34.3 million for the FY2023 coal revenue.

The Office of the Navajo Tax Commission took into consideration on their tax revenue projection the American Rescue Plan Act anticipated infrastructure projects and the predicted increase in tourism on the Navajo Nation.

IMPORTANT: The estimates for this projection are based upon best available information at the time of the report. Because of the volatile nature of oil and gas prices, coal pricing and production, interest rates and market conditions, **this revenue projection is subject to change**. Also note that there was an amount of \$20,000,000 reserved in the Undesignated, Unreserved Fund Balance for FY 2023 budgeting. Any other potential material impact on our projection that arises will then be re-evaluated.

NAVAJO NATION THREE BRANCH CHIEFS' AGREEMENT
Fiscal Year 2023 Comprehensive Budget
June 12, 2022

The Branch Chiefs of the Navajo Nation government considered the Fiscal Year 2023 General Fund Revenue Projection, Permanent Fund Income, and related budget matters and hereby provides the following recommendation to the Budget and Finance Committee of the Navajo Nation Council:

1. General Fund Allocations:

Fixed Costs	\$	23,311,908	11.72%
External Funds Cash Match	\$	5,000,000	2.51%
Chapter Officials Stipends	\$	4,158,000	2.09%
Executive Branch	\$	118,092,986	59.36%
Legislative Branch	\$	17,221,488	8.66%
Judicial Branch	\$	17,258,393	8.68%
Chapters-Non Administrative	\$	13,875,225	6.98%
TOTAL:	\$	198,918,000	100%

The fund sources for the \$198,918,000 are as follows:

A. General Fund Revenue Projection:	\$	158,918,000
B. Permanent Fund Interest:	\$	40,000,000

2. Personnel Lapse/Savings Fund:

The Branch Chiefs recommend the following:

- a. \$3,020,946 in actual FY 2022 GWA costs be allocated for the three Branches to absorb the GWA costs in the personnel FY 2023 budgets.
- b. \$5,000,000 be allocated to partially cover costs for the Retirement Plan, BU# 118018 for cost increases.
- c. A General Wage Adjustment in FY 2023 of up to 5% for increasing inflationary costs.

3. Permanent Fund Income Excess:

On the \$27,911,000 in Permanent Fund income above the \$40,000,000 designated for the General Fund budget, pursuant to Navajo Nation Council resolution CAP-30-21, the Permanent Fund Five Year Expenditure Plan for FY 2022-2026, the Branch Chiefs will make recommendations to the Budget and Finance Committee at the time of the FY 2023 budget hearings of the B&F Committee.

4. FY 2022/2023 General Fund Carryovers:

The Branch Chiefs recommend unexpended FY 2022 fund balances be carried over to FY 2023 as follows:

- a. Executive Branch \$ 3,000,000
- b. Legislative Branch \$ 1,500,000
- c. Judicial Branch \$ 1,500,000

5. Undesignated Unreserved Fund Balance (UUFB): \$20,000,000

The FY 2022 budget resolution CS-49-21, Section Two, L, sets aside \$20,000,000 from the UUFB for the FY 2023 budget due to impending projected revenue reductions. The revenue projections above do not show a revenue reduction; therefore, it is recommended the \$20,000,000 be set aside for the FY 2024 budget.

THE NAVAJO NATION FISCAL YEAR 2023 BUDGET INSTRUCTIONS MANUAL

I. PURPOSE AND AUTHORIZATION

A. Purpose

The Budget Instructions Manual (BIM) primarily provides instructions and information for the development of the annual Navajo Nation comprehensive budget. It also provides instructions for implementation and administration of all Navajo Nation budgets.

B. Authority

The Navajo Nation Appropriations Act (Appropriations Act), 12 N.N.C. § 800 et seq., is the primary Navajo Nation law which authorizes the process of developing and implementing the annual Navajo Nation comprehensive budget.

The Appropriations Act, 12 N.N.C. § 800 et seq., states that the Navajo Nation government has a fiduciary responsibility to:

- Account for public funds; and
- Manage finances wisely; and
- Plan for the adequate funding of services desired by the Navajo People, including the provision and maintenance of public facilities.

Other Navajo Nation laws and policies, some of which are referenced in this BIM, provide further information regarding fiscal and budgetary matters. These include: Navajo Nation Office of Management and Budget (OMB) Plan of Operation, Section 820 (M) of the Appropriations Act, Branch Chief Authorities, Budget and Finance Committee (BFC) and other legislative oversight committee authorities, program Plans of Operation, and program Fund Management Plans and Expenditure Plans. If any conflict arises between the BIM and Navajo Nation laws, such conflict shall be governed and controlled by Navajo Nation laws.

C. Availability of the Budget Instructions Manual

Copies of the BIM are available, for a fee, from the Records Management Department at (505) 371-5113. The BIM can also be downloaded from the OMB website at: www.omb.navajo-nsn.gov.

For inquiries regarding the budget development process, OMB can be reached at (928) 871-6570/6470 and via e-mail at: customer_service@omb.navajo-nsn.gov.

II. PERFORMANCE BUDGETING AND PERFORMANCE ASSESSMENTS

A. Performance Budgeting

The Navajo Nation government utilizes performance budgeting as a factor in making budget decisions. The Appropriations Act mandates a budget development process which includes the use of program performance measures and information.

Performance budgeting is a method that incorporates the use of program performance measures (goals/objectives and actual results) to assist with the appropriation of funds during the budget development process. Other factors are considered when making budget decisions, such as:

- Personnel costs
- Budgeted vs. actual expenditures
- Prior year(s) budget revisions
- Carry-over funds availability and usage
- External funds availability and usage
- Supplemental funds availability and usage
- Political priorities

Program performance criteria measures are required for each program budget using Budget Form 2 information as well as information from the Program's respective oversight committee. Performance measure results shall be reported on a quarterly basis.

B. Methodology

During budget development, Program Managers develop five (5) significant Program goal statements with performance measures/objectives for the most relevant aspects of Program performance. Programs may develop more performance measures/objectives for their internal use, but a minimum of five (5) performance measures are required for the budget process. The goal statements should address major relevant Program performance measures and be measurable on a quarterly basis.

C. Program Performance Assessments

At the end of each quarter, the Program Managers shall submit to OMB the actual quarterly results for the goal statements established and approved for each program budget. OMB's Management & Policy Section will perform quarterly assessments and generate reports based on the goals and actual accomplishments reported by Program Managers on Budget Form 2. OMB shall disseminate the quarterly performance reports to key Navajo Nation officials, as determined by OMB.

A simple rating method is used to determine program performance measure scores. Program performance measure scores are based on a comparison of performance criteria and goals developed by the Program Managers during budget development to actual results reported by the Program Managers on a quarterly basis. OMB program/management analysts compare goal statements to actual results and determine scores for each goal statement. Scores range from 0 to 5 using the following scale:

- 5 Outstanding - Indicates the program did exceptional in meeting goal statements.
- 4 Exceeds Expectations - Indicates the Program exceeded their goal statements.
- 3 Meets Expectations - Indicates the Program met their goal statements.
- 2 Needs Improvement - Indicates the Program needs to improve on goal statements.
- 1 Unsatisfactory - Indicates program did not meet goal statements and must improve.
- 0 No Report - Indicates the Program did not report actual results to OMB.

An overall performance measure score is determined by calculating the cumulative average of all quarterly performance goal scores which becomes the program's average performance measure score. For program scores that are in the range of either 0 (zero) or 1 (one), OMB will notify the responsible Manager, Division, and Branch Chief in writing that remedial or corrective action is needed, copying the appropriate oversight committee. Any program that receives any additional funding during the fiscal year (carry-over, supplemental funding, etc.) must REVISE its current Budget Form 2 to incorporate the new performance measures/objectives associated with the additional funding. ANY changes to the Budget Form 2 requires approval by the Branch Chief and the Division/Branch oversight committee. Contact OMB's Management & Policy Section for further information and/or instructions, if needed.

Navajo Nation Chapters shall report actual results to the Administrative Service Center (ASC). ASC shall assess all Chapter performance data each quarter and provide reports to each Chapter, OMB, and those designated by OMB as being key Navajo Nation officials for informational purposes.

D. Reports required by the Appropriations Act.

In compliance with §850(A) of the Appropriations Act, OMB and the Office of the Controller shall monitor all Programs' budgeted expenses against their actual expenditures, and shall provide quarterly reports on such expenditures to the Budget and Finance Committee and to the Branch Chiefs with regard to their respective Branches. On a quarterly basis, all Programs shall timely provide relevant information to OMB and the Office of the Controller, to assist the two offices in the preparation of the required quarterly reports.

III. FINANCIAL MANAGEMENT INFORMATION SYSTEM (FMIS) BUDGETING

A. Financial Management Information System (FMIS) Budgeting

The Navajo Nation's financial system, FMIS, uses financial software and technology structured for the Navajo Nation's organizational and periodic financial reporting requirements. The Navajo Nation Office of the Controller (OOC) is responsible for the administration of the FMIS budget/expenditure data. Generally,

the system maintains budget information on various budget ledger types, such as ledgers for budget development, final budget, and budget revisions. Budget ledger types are administered by OMB and are used with other FMIS ledgers to provide budget status and other important financial information to verify availability of funds or to generate reports.

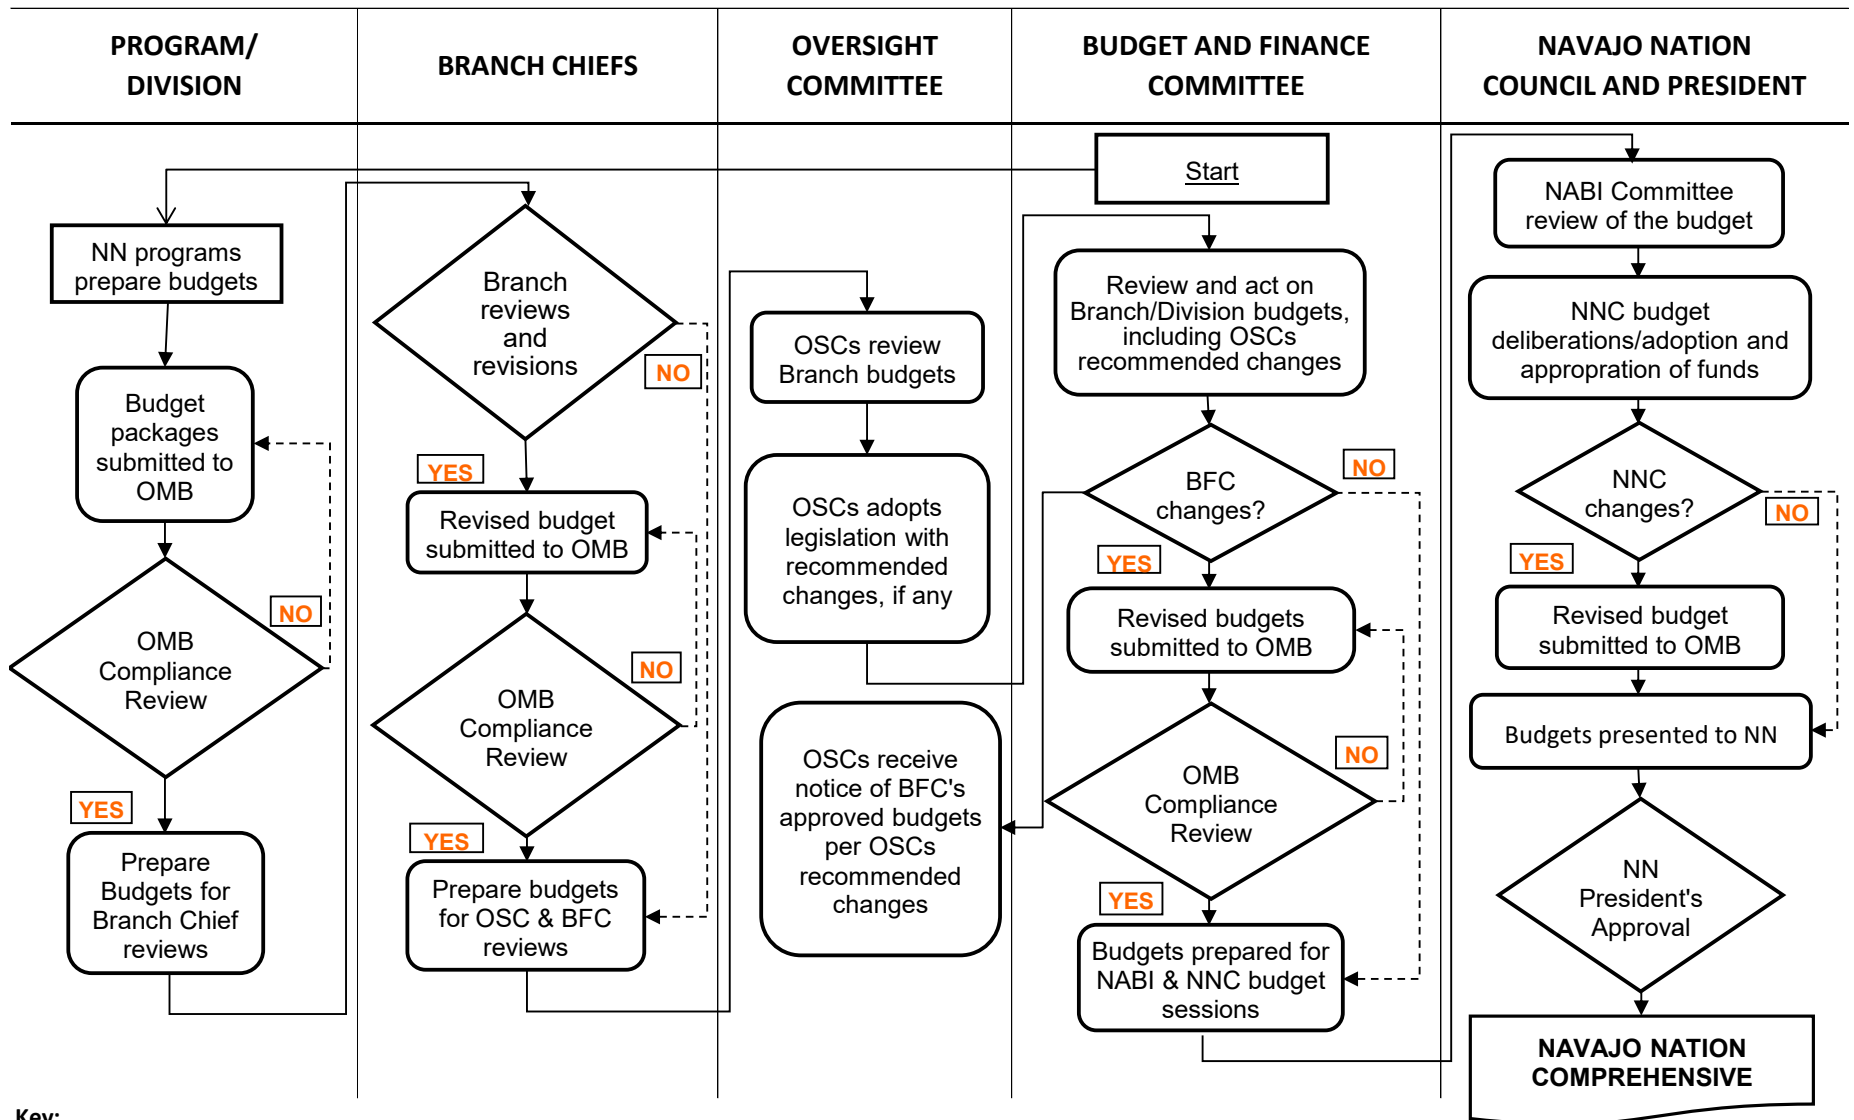

OOC is responsible for administration of the FMIS expenditure data. OMB, at the request of the OOC, assigns business unit (BU) numbers for Navajo Nation Programs, which are maintained in the FMIS for financial budgeting and accounting purposes. With the exception of job cost business units, OMB will assign the BU. Budget development and administration in the FMIS are maintained within the assigned BU number. Navajo Nation Programs may have multiple BU numbers depending on funding sources. Such funding sources may not be co-mingled or joined together into one business unit.

The Navajo Nation Office of the Controller's Expenditure Authorization Signature Form authorizes expenses to incur, make changes, and sign documents against business units. Also to require a new "Expenditure Authorization Signature Form" whenever (1) an individual terminates or loses their authority, (2) additional individuals are granted authority, (3) changes made to business units.

B. Chart of Accounts/Object Codes for Budgeting Purposes and Level of Detail (LOD)

The official Navajo Nation Chart of Accounts uses a 4-digit coding system (object codes) to maintain line-item revenue and expense information in the FMIS. The Chart of Accounts and Level of Detail for Budgeting Purposes (Appendix A), shows the various object codes to be used in the development of the Navajo Nation budget. Each object code in the chart is assigned a level of detail (LOD) ranging from 3 to 7. Accounts at LOD 7 are the most detailed and are used for documenting expenditures, while accounts at LOD 3 are the least detailed, primarily used for generating reports. Those accounts at a lesser level of detail (LOD 3 to 5) are primarily used for generating budget or financial reports on a sub-totaled basis. Data entered at a higher level of detail (usually 6 or 7, depending on the ledger type) allows information to be rolled up or down for reporting and inquiry purposes, as well as for budgeting or expenditure and sorting purposes. Budget data on the budget ledger are entered at LOD 6, except personnel fringe benefits, which are budgeted at LOD 5 in object code 2900. OOC processes all procurement and financial accounting of actual expenditures at LOD 7. Budget amounts at LOD 6, if sufficient funds are available, will cover any LOD 7 object code expenditures within that LOD 6 object code. This allows programs to budget at a greater level of detail and account for expenditures at LOD 7.

IV. BUDGET TIMETABLE AND PROCESS

A. Budget Development Process Chart

The chart displayed on the previous page shows the annual Navajo Nation budget development process, which starts with BFC legislation approving the BIM, revenue projections, and Branch Planning allocations. Next, the completed, detailed budgets are prepared and submitted to OMB. The prepared budgets, along with other budget related information, are submitted for review first to the Branch Chiefs and then to the respective oversight committees, including the Budget and Finance Committee, with final approval by the Navajo Nation Council.

B. Annual Budget Calendar

The Navajo Nation annual budget calendar is designed to ensure timely completion of key budget development activities and to identify the responsible parties involved in the budget development process. It also provides the due dates and flow of budget activities at various levels of the Navajo Nation government. The annual budget calendar is shown as an exhibit to the BFC resolution because the annual budget calendar requires approval, by legislation, at the beginning of the annual budget development process.

V. FUND ALLOCATIONS

A. General Fund Planning Allocations

At the beginning of the annual budget preparation process, the three Branch Chiefs recommend to the BFC and the BFC approves the Navajo Nation general fund branch planning allocations based on revenue projections. Upon approval of the branch planning allocations, each Branch Chief establishes the general fund planning amounts for their respective Divisions or Programs for the preparation of the fiscal year budget.

B. Proprietary, Fiduciary and Special Revenue Fund Budget Allocations

Amounts for proprietary, fiduciary, and special revenue fund allocations for budgeting purposes are based on approved legislation establishing these funds. OOC provides the allocation amounts. Recipient programs shall prepare and submit their budgets to OMB based on these pre-determined funding allocations.

C. Indirect Cost (IDC) Recovery and Allocations

The allocation of projected recovery of IDC is formula-based. OMB shall allocate projected recovery of IDC funds to eligible Programs in the preparation of their budgets. The amount of IDC will be in addition to the General Funds and other Navajo Nation funds allocated to the Programs. The combined amount of such funds will serve as the Program's base budget or budget planning amount in submission of its proposed Navajo Nation fiscal year budget. Also refer to Appendix L, Section IX. B. of this BIM.

D. Personnel Savings (Lapse Fund) Account Allocations

Personnel Savings (Lapse Fund) Account allocations are mandated by Navajo Nation Council legislation. OMB, in coordination with Department of Personnel Management (DPM) and OOC, shall provide the lapse fund amounts, if any, to be used by eligible programs in the preparation of their budgets.

E. Line-item vetoed funds

Line-item vetoed funds in the annual budget will be handled as follows:

- General Funds – become unappropriated funds available for further appropriations /budgeting.
- Personnel Lapse – reverts to the UUFB.

VI. PROJECT BUDGETING AND ACCOUNT SET-UP

OMB is responsible for setting up business unit accounts for all capital (C-accounts) and noncapital (N-accounts) projects in the FMIS. Projects can be funded from any source. Programs shall complete the instructions and forms (primarily Budget Form 1, page 29; Budget Form 4 on page 35; and, if necessary, Budget Forms 3 and 6 for personnel costs, pages 33 and 39) contained in this BIM. Such forms must be completed in order to set up budgets in the FMIS. In addition, the Project Process Schedule shown on the page 83, Appendix J, includes instructions on completing the form, which shall be completed to replace Budget Form 2 for capital and non-capital projects.

Project funding approval and administration may vary and is based on the legislative requirements of each particular funding source. Contact the appropriate NN Division/Department (i.e., Division of Community

Development/Capital Projects Management Department, Division of Economic Development, or Division of Transportation, etc.) to obtain specific requirements and instructions for funding projects from that particular funding source. Contact OMB to determine which Division/Department can assist with project funding information and requirements.

Documentation for project budget setup on each project shall include the following:

1. Budget information on OMB Budget Forms as follows:
 - a. Budget Form 1, Program Budget Summary;
 - b. Project Form, Project Process Schedule (replaces Budget Form 2);
 - c. Budget Form 4, Detailed Budget and Justification;
 - d. If necessary, Budget Form 3, Listing of Positions and Assignments by Business Unit, for listing of positions/personnel to be funded; and
 - e. If necessary, Budget Form 6, External Contract and Grant (Externally Restricted Funds) Funding Information, to provide detailed information about any external funds (state, federal, or other externally restricted funds) used for the proposed project.
2. The legislation approving the project funding;
3. The funding source for each project;
4. The expected cost of each project with a budget;
5. The expected start date, completion date, and a timeline for each project;
6. The identification of a Project Manager and Department/Division; and
7. Appropriate authorized signatures on the Budget Forms.

Most projects will require a written proposal and the Capital Project Management Department in the Division of Community Development is available to advise on these and other requirements in accordance with the capital projects policies and procedures.

VII. PERSONNEL BUDGETING PROCEDURES

A. Purpose

These instructions and procedures provide guidance to Navajo Nation programs for budgeting personnel to ensure all funds appropriated by the Navajo Nation and any external funds from other sources are managed in accordance with the approved Navajo Nation Comprehensive Budget and in compliance with the Appropriations Act, 12 N.N.C. § 800 et seq., and other applicable Navajo Nation laws.

This section relates exclusively to personnel budgeting and shall be used in conjunction with other sections of the BIM.

The GWA for externally funded program employees shall be based on availability of budget and/or funding source approval verified by OMB and OOC and implemented pursuant to Section VII. 18. b.

9. **Personnel Savings (Lapse Fund) Account:**

Pursuant to Navajo Nation Council Resolution, CF-07-11, all unexpended General Fund personnel balances in the personnel object code 2001 category are designated as restricted carryover funds or lapsed funds for use in the administering and maintaining the Classification and Pay Plans by DPM. VIII. BUDGETING OPERATING EXPENSES

A. Telecommunication Rates

1. Telecommunication expenses shall be budgeted as follows:

- a. Telephone, fax, and data circuit service lines:

The Navajo Nation Telecommunications and Utilities (NNTU) Department receives annual Fixed Cost budget allocation to pay for all telephone and fax lines for prefix 871 and 810 for basic or standard monthly service costs and long distance service costs. So it is not necessary for departments to budget for these costs, if applicable.

All offices shall budget for telecommunication expenses not included in the above item including telecommunication line installation, equipment, and optional services (i.e. line moves, voice mail, programming for telephone features, service request fees, etc.) This also includes toll free numbers and data circuit services (DSL, T-1, or Metro Ethernet, etc.) inclusive of all installation and monthly recurring service costs.

- b. Wireless phone services and equipment:

All offices shall budget for all costs associated with wireless (cellular) device services including wireless device equipment, activation, other fees and monthly recurring service costs.
- c. Two-way radio communication:

All offices shall budget for two-way equipment (portable & mobile), and ancillary equipment and supplies for the repair and maintenance of two way radio equipment. NNTU can no longer budget for supplies expense under the Fixed Cost-Radio Communication budget allocation.
- d. All requests for telecommunication services under (a), (b), and (c) to NNTU department pursuant to the Navajo Nation policies and procedures. These policies and procedures are posted on the NNTU website at www.nntu-navajo-nsn.org

Applicable telecommunications rates are tariff driven and approved by the applicable state commission, and can be obtained from the service provider in your area. Question regarding the above, please call NNTU at (928) 871-7740.

B. Budgeting Insurance Expenses

1. Criteria for determining vehicle insurance rate and premiums.

All vehicles, regardless of whether assigned through the Navajo Nation Fleet Management Department, purchased by the Department/Chapter, or General Services Administration (GSA) leases, shall be required to establish an insurance premium line item (budget) amount for auto physical damage, and if applicable, auto liability coverage, and a deductible line item (budget) amount. The insurance rates for fleet vehicles are shown in Appendix F-1 of this BIM. For any questions regarding vehicle insurance, call the Risk Management Department at (928) 871-6335.

2. Property.

Each Division, Department, Program, and Chapter is *required* to budget for property insurance premiums. The rates and deductibles are as follows:

Coverage	Rate	Per Value	Deductible
Contents	\$0.72	\$1,000	\$1,500
Contractor's equipment	\$0.72	\$1,000	\$1,500

Example: Program reports \$50,000 in total insurable values (TIV) for its property contents and contractor's equipment. Formula: \$50,000 (TIV) ÷ \$1,000 = \$50 x \$0.72 = \$36.00. Program should then budget \$36.00 for property insurance premium based on the TIV reported.

3. General Liability.

Each Division, Department, Program, and Chapter is required to budget for general liability coverage. General liability rates are \$0.17 per \$100.00 of payroll including fringe benefits.

Example: Program reports \$500,000 in total payroll (including fringe benefits). Formula: \$500,000 (total payroll) ÷ \$100 = \$5,000 x \$0.17 = \$850.00. Program should then budget \$850.00 for general liability premium, based on reported total payroll.

4. Exposure Summary Information.

The Navajo Nation Risk Management Program has an "Exposure Summary Packet" for policy year 2023 which will assist each Division, Department, Program, or Chapter in determining premium rates to be budgeted. UESs are due to Risk Management no later than the start of the second quarter (January). Please contact the Risk Management Department at (928) 871-6335 for further information regarding insurance rates, deductibles, or loss/damage to Navajo Nation property.

- j. All enterprises.

Ineligibility for Workers' Compensation insurance coverage includes:

- a. Program for Self-Reliance customers;
- b. Court ordered trustees;
- c. Private contractors; or
- d. Consultants.

For budgeting purposes, the premium rate approved for Fiscal Year 2023 is set at \$0.70 per \$100 of the gross payroll amount (not including fringe benefits) for all Navajo Nation programs, including volunteers and firefighters.

Example: Program reports \$250,000 in gross payroll (less fringe benefits). Formula: $\$250,000$ (gross payroll) \div $\$100 = \$2,500 \times \$0.70 = \$1,750$. Program should then budget \$1,750 for Workers' Compensation insurance premium.

6. Chapters Workers' Compensation Insurance or Expenses

The premium rate approved for Fiscal Year 2023 for all Navajo Nation Chapters is \$0.53 per \$100 of payroll not including fringe benefits.

Example: Chapter reports \$100,000 in gross payroll (less fringe benefits). Formula: $\$100,000$ (gross payroll) \div $\$100 = \$1,000 \times \$0.53 = \530 . Chapter should then budget \$530 for worker's compensation premium, based on gross payroll.

The duplicating rates for the various types of services with appropriate descriptions are shown in Appendix F-3. These rates are to be used to budget amounts in the appropriate object codes if copying services from Records Management Department are to be used during the fiscal year. This shall require oversight committee approval before the modification can be processed, unless it is a prior approved carryover of funds. Completed Budget Forms are required for a budget modification.
4. Reimbursements - there are instances where there may be refunds of prior expenses; e.g. FEMA and others. Generally, if it is a reimbursement to a General Fund business unit these types of reimbursements should go back to the General Fund. If a business unit receives a reimbursement, this type of refund shall require oversight committee approval before the budget modification can be processed as this is an appropriation of additional funds that the Navajo Nation receives. Concurrence from the Office of the Controller is needed in order for funds to be deposited.

D. Requirements and Restrictions

1. The Budget Signature Authorization Form (BSAF), available from OMB or its website, must be on file at OMB to verify that the signatories are authorized to process the budget revision for the business unit. OMB will not accept budget revision requests that are signed by unauthorized program personnel. The BSAF shall be renewed and submitted to OMB at the beginning of each fiscal or grant year or whenever authorized personnel changes occur.
2. The Budget Revision Request (BRR) shall include the following: (1) an analysis of the impact to the object code the transfer is being made from, (2) the remaining balance for the funding term, (3) the sufficiency of the amount being transferred, (4) the object code the transfer is being made into, and (5) the impact to the original intent of the funding. For Programs funded by Navajo Nation funds, impacts on the Program's approved performance criteria must be clearly stated. If the BRR significantly affects or changes the intent of the original appropriation or budget, it will require appropriate legislative or oversight committee approval before the budget revision can be processed.
3. If a budget in the business unit has deficits in any of its object codes, the BRR shall include transfers to clear the deficit.
4. BRR are for budget transfers between LOD 6 object codes with the exception of fringe benefits at LOD 5.

5. Each program or business unit shall be limited to one BRR per month, except for special circumstances which the program shall explain and justify by a separate memorandum.
6. The minimum amount of a BRR shall be one hundred dollars (\$100), except for special circumstances, as justified by the program and approved by OMB.
7. BRRs that are marked up have changes and are illegible will not be processed but returned to the program for appropriate correction/preparation.
8. BRR that are received at OMB two (2) weeks it was signed by BRANCH/DIVISION DIRECTOR will not be processed but returned to the program for appropriate updating.
9. For financial propriety, it is not acceptable for the same person to be both the requestor and the approver of the BRR. The same requirements apply to the Legislative and Judicial Branches. Division Directors shall obtain the Office of the President and Vice President's approval for the Division's budget revision requests prior to submission to OMB. For all funds, authorized signatories should be in compliance with the BSAF.
10. Original documents, such as Personnel Action Forms, Purchase Orders, Request for Direct Payment, etc., should not be attached to the budget revision request forms. However, copies of these documents may be attached for justification purposes.
11. General Funds cannot be transferred from the following object codes:
 - a) 2001 series: In the 1st, 2nd, and 3rd Quarters, transfers are allowable within the Beginning in the 4th Quarter, personnel expenses cannot be transferred from personnel cost, 2110, and fringe benefits cost, 2900, pursuant to the Personnel Savings (Lapse Fund) Account moratorium in Navajo Nation Council Resolution CF-07-11, as amended.
 - b) 8020 series: Direct Services or Public Assistance (except with oversight committee approval).
 - c) 9510 series: Matching Funds (except with oversight committee approval).

E. Budget Revision Request Process

1. For all Navajo Nation funds and external funds, Programs must complete and submit a Budget Signature Authorization Form (BSAF) at the beginning of each fiscal year and upon change of signatory personnel, before any BRR can be processed.
2. The BRR that is prepared by the Program Manager and concurred by the Division Director (or Branch Chief) shall be submitted to OMB for review and consideration for approval two weeks prior to date the additional or increased budget is needed. All pages must be signed with appropriate signatures and dated accordingly.
3. Upon receipt of the BRR, OMB will review the request for compliance with appropriate policies and procedures, sufficient budget availability, the performance impact, and then recommended action to OMB's Executive Director.
4. The OMB Executive Director shall approve or disapprove the BRR. Forms will be returned disapproved and will include comments if significant changes or additional justification or clarification is needed. If the information, amounts, and figures are altered or not legible, a new form shall be completed and submitted.
5. Upon approval by the OMB Executive Director, a copy of the completed and approved BRR and a FMIS batch report will be transmitted back to the program via the appropriate Division or Branch office.

6. For BRR on externally restricted funds where funds are reallocated in the Personnel budget (increases or decreases) to and from other LOD 6 line-item budgets, the OOC Contract Accounting shall verify the availability of sufficient budget that will be designated for new personnel sub-accounts or transferring of Personnel lapse savings. This is applicable when a program processes a PAF for hiring new employee(s) and all information is verified for accuracy (business unit, sub account code, expiring assignments for dates) related to the new sub account of the personnel budget. Attached to the BRR should be a current NN Budget Form 3 to identify which personnel sub-accounts are affected by the transfer of funds. A reconciliation must be prepared by the Program in order for the OOC Contract Accounting to sign-off on the approval of the BRR.

XII. REQUESTING SUPPLEMENTAL APPROPRIATIONS

A. Considerations.

Due to the limited availability of funds, Navajo Nation leadership should carefully consider all applicable laws, regulations, policies, priorities and any extenuating circumstances before approving supplemental appropriations. Further, the Navajo Nation must consider its obligations regarding court ordered funding, required matching funds to capture external funds, the health and safety of the general public, emergency situations, unmet needs, and other circumstances.

B. Appropriations Act Requirements.

All supplemental appropriation requests shall adhere to the applicable provisions of the Appropriations Act.

C. Procedures.

The following procedures apply to all supplemental appropriation requests:

1. Required OMB forms.
Those seeking a supplemental appropriation shall complete Appendix K and Budget Forms 1, 2, and 4, and if applicable Budget Forms 3, 5, and 6; if funds for a capital improvement project are requested, Budget Forms 1 and 4 and Appendix J shall be completed. External entities shall also complete Appendix G. Any incomplete or inaccurate Budget Forms will be returned for corrections. Requesting parties should seek the assistance of OMB in selecting and completing the appropriate Budget Forms.
2. Signatures.
 - a. Budget Forms have signature lines for appropriate Program persons, including Division Directors and/or Branch Chiefs. Completed Budget Forms, showing the signatures of those noted on the Forms, shall be provided to the sponsoring delegate before proposed legislation for a supplemental appropriation request enters the legislative process.
 - b. During the legislative process, Budget Forms may be revised or replaced by any reviewing committee or the Council via an amendment to the supplemental appropriation legislation. In such cases new signatures on the Budget Forms shall not be required.
3. Controller and OMB review.
As required by 12 N.N.C. § 820(L) all requests shall be reviewed by the Controller for a determination whether the requesting party's proposed expenditures are recurring or non-recurring. As required by 12 N.N.C. §820(M) all requests shall be reviewed by OMB and OMB shall provide a statement regarding the financial consequences to the Navajo Nation's overall budget that will result if a request is approved (budget impact analysis). The Controller's and OMB's review statements shall be provided to the sponsoring delegate before proposed legislation for a supplemental appropriation request enters the legislative process
4. Other requirements for supplemental appropriation requests.
 - a. Budgets for the request must be prorated so that funding covers only the remaining portion of the current fiscal year, i.e., funds appropriated in January must be budgeted for spending from February to the end of the fiscal year (eight months) or funds appropriated in April must be budgeted for spending from May to the end of the fiscal year (five months).

- b. If a request is not approved and the requesting party still wishes to pursue the funding, the request must be updated and resubmitted every four (4) months to reflect any changes during the four-month period.
 - c. If the request is not approved in the previous fiscal year and the requesting party still wishes to pursue the funding, the proposal must be revised and resubmitted for the current fiscal year.
5. Recommendations. OMB recommends the following:
- a. Justification.
 - i. The requesting party should, but is not required to, provide an explanation of the reasons a supplemental appropriation is being requested outside the annual fiscal year budget development process.
 - b. Other Funds.

The requesting party should, but is not required to, provide a list of any other sources of funding considered and pursued if the supplemental funding request is not funded.

D. Capital Improvement Projects.

- 1. CPMD review.

All supplemental appropriation requests related to any capital improvement projects shall be submitted to the Capital Projects Management Department (CPMD) within the Division of Community Development, in accordance with the Appropriations Act, 12 N.N.C. § 800 et seq., and with written policies and procedures for capital improvement projects and capital budget development. CPMD can be reached at (928) 871-6211.
- 2. Capital Improvement Plan.

If any supplemental appropriation would result in a modification or amendment affecting an approved Capital Improvement Plan the appropriation request must be approved by the appropriate oversight committee prior to consideration by the Navajo Nation Council. 12 N.N.C. § 860(C) (2).

E. Legislative Process.

Legislation is required for all supplemental appropriation requests. The appropriation request shall be reviewed by the appropriate oversight committee, the Budget and Finance Committee, the Naa'bik'íyáti' Committee, and the Navajo Nation Council gives final approval.

XIII. ELECTRONIC SUBMITTAL OF DOCUMENTS FOR OMB PROCESSING

A. Purpose

To provide an electronic option for submitting documents to OMB by allowing for documents to be emailed to docs@omb.navajo-nsn.gov in order to reduce travel expenses and improve processing times associated with submitting documents to OMB temporarily located at the Navajo Nation Museum, Window Rock, Arizona. OMB will also accept hand delivered documents.

B. Scope

- 1. These procedures shall apply to all Navajo Nation Programs by allowing the submittal of documents for OMB processing via email.
- 2. These procedures shall apply to all documents that require review and processing by OMB.

C. Procedures

- 1. OMB will only accept scanned and e-mailed PDF copies of signed documents which require OMB review and/or approval. All documents will still require proper signatures and adherence to document requirements.
- 2. Documents must be properly completed and have all the required signatures. Any supporting documents and/or calculations must also be included. Unauthorized and/or incomplete submittals will be returned to the Program for correction.
- 3. OMB will accept scanned and emailed signed documents from Navajo Nation e-mail domains, such as a navajo-nsn.gov address. OMB will not accept documents emailed from non-Navajo email domains such as Hotmail, Yahoo, Gmail, etc. Contact the NN Department of Information Technology to obtain a navajo-nsn.gov e-mail address.

4. OMB will only accept scanned and emailed signed documents from the appropriate Program, Department and/or Division Director. One administrative staff member can also be included. Department Directors must inform OMB in writing of who the designated administrative staff member will be.
5. Enter the type of document being electronically submitted in the Subject Line of the email.
Examples include:
 - Budget Revision Request
 - Proposed FY Budget

8. When the document is processed, OMB will e-mail a scanned transmittal back to the initial transmitter along with a scanned and signed copy of the document processed by OMB. OMB providing hardcopy and available for program is not necessary.

XIV. DEFINITIONS

1. **Budget.** An approved financial plan which includes scope, performance criteria, duration and detailed line-item allocations.
2. **Budget Planning Base Amount or Planning Allocation.** Amount provided to each Branch of the Navajo Nation government to be used for budget development purposes for the respective Branch budget proposals.
3. **Business Unit Number.** A number assigned and utilized in the Financial Management Information System (FMIS) to identify distinct accounts for Navajo Nation Programs and other entities and which is used to record budget and financial transactions. The FMIS allows monitoring and reviewing of budgets, financial data and transactions on a regular basis.
4. **Capital Expenditures.** All operating budget capital expenditures must have an acquisition cost greater than five thousand dollars (\$5,000.00) and provide a service life of more than one (1) year. Non-capital expenditures consist of expenditures having an acquisition cost of less than five thousand dollars (\$5,000.00) and provide a service life of less than one (1) year.
5. **Capital Budget.** Documentation of funds appropriated for each capital project for the current year of the Capital Improvement Plan.
6. **Capital Improvement/Capital Project.** A major project undertaken by the Navajo Nation that is generally not recurring and which fits within one or more of the following categories:
 - All projects requiring debt obligation or borrowing;
 - Any acquisition or lease of land;
 - Purchase of major equipment or vehicles, with a life expectancy of five (5) years or more, valued in excess of an amount to be established by the Controller;
 - Major building improvements that are not routine maintenance expenses and that substantially enhance the value or extend the useful life of a structure;
 - Construction of new buildings or facilities including engineering, design, and other preconstruction costs with an estimated cost in excess of an amount to be determined by the Controller; and/or
 - Major equipment or furnishings required to furnish new buildings or other projects, the cost of which is above a certain amount to be established by the Controller.

7. **Capital Improvement Plan.** A recurring multi-year plan for capital improvements identifying each capital improvement item or project, the expected beginning and ending date for each project, the amount to be expended in each year, and the method of financing those expenditures.
8. **Chart of Accounts/Object Codes.** A chart containing a four (4) digit coding system designed to report line-item budget and expenditure information based on various object code categories and levels of (budgeting and accounting) detail.
9. **Contract Support Costs (CSC).** The Indian Self-Determination and Education Assistance Act, P.L. 93-638 (25 U.S.C. § 5301 et seq. and 25 CFR parts 900 and 1000), requires BIA awards for contracts and compacts with tribes ('638 agreement) to include CSC, which is the cost incurred by Tribe to ensure compliance with the terms of the contract and prudent management. CSC is the cost of activities either not carried out by the Secretary, or carried out from resources other than those available under the contract to provide for operation of the program. CSC must be reasonable, allowable, and allocable based on federal cost principles, and can include: Pre-Award CSC; Start Up CSC; Direct CSC; and Indirect CSC. Pre-Award CSC are costs incurred before the start of a 638 agreement. (25 U.S.C. § 5325(a)(6)). Start-Up CSC are costs incurred on a one-time basis during the initial year that the agreement is in effect. (25 U.S.C. § 5325(a)(5)). Direct CSC are costs incurred in connection with direct administration of the 638-funded program. (25 U.S.C. § 5325(a)(3)(A)(i)). Direct CSC equals the current Tribal budgeted salary cost, (not including fringe), of 638 programs multiplied by eighteen percent (18%). Indirect CSC are any additional administrative or other expenses related to the overhead incurred by the Tribal contractor in connection with the operation of the 638-funded program. (25 U.S.C. § 5325(a)(3)(ii)). Indirect CSC equals the current approved IDC Rate multiplied by the total 638 award minus exclusions and pass-through. (See Section XIV, (16) for definitions of Direct and Indirect Costs).
10. **Division/Executive Office.** Major organizational unit within a Branch of the Navajo Nation government authorized and established by the Navajo Nation Council and/or legislative oversight committees.
11. **External Entities.** Private organizations, businesses, corporations, or individuals that are not part of the Navajo Nation government or any of its Chapters, and are not established or chartered by the Navajo Nation Government or any of its Chapters.
12. **External Funds or Externally Restricted Funds.** A type of Special Revenue Fund, for which expenditures are legally restricted to specified purposes. Externally restricted funds are funds that the Navajo Nation receives from sources other than the Navajo Nation for which expenditures are restricted by agreements and applicable laws, and which include Federal, State, County, and private or donated Funds. (12 N.N.C. 810(S)(1)(b))
13. **Fixed Costs.** All costs not allocable to a Navajo Nation central governmental unit. These costs are incurred for the operation of the overall Navajo Nation government and exclude capital fixed costs. Fixed costs generally include outlays for insurance, utilities, rent, debt service, and other commitments. Such costs do not include personnel, travel, contributions, etc., that are not deemed fixed cost expenses because they are regular program operating expenses. Chapter officials' stipends for the monthly regular chapter and chapter planning meetings, referenced in the LGA at 26 NNC § (C)(b), shall be treated as fixed costs; and Chapter officials' stipends for the emergency chapter meetings, special chapter meetings, agency council meetings, district council meetings, and regional council meetings, referenced in the BIM, Appendix M-1 § IV(G)(s), may be treated as fixed costs.
14. **Goal Statement.** A measurable and planned output or outcome used to justify activities or assess performance of a Program.
15. **Indirect Cost (IDC).** Generally, the majority of Navajo Nation externally funded programs receive funds for *Direct Costs* and *Indirect Costs*. *Direct costs* are costs that are directly chargeable to the Navajo Nation program because the costs can be identified with an external award or other internally or externally funded activity, or can be directly assigned to such activities relatively easily with a high degree of accuracy. *Indirect costs* are costs that are incurred for common or joint purposes, benefit more than one cost objective, and are not readily assignable to contract/grant objectives specifically benefited without effort disproportionate to the results achieved. *Indirect costs* are the costs of providing centralized governmental support services to all externally funded Programs, including costs for a governing body, accounting and financial management, personnel management, property management, records management, legal services, auditing services, building rent/lease, utilities, janitorial services, repairs

and maintenance, equipment, insurance and bonding, and depreciation. All Navajo Nation Programs receiving external funds must include IDC in the contract/grant provided that the funding agency allows for recovery of IDC.

- 16. Indirect Cost (IDC) Rate.** *Indirect costs* are charged to the external funds by the use of an approved Indirect Cost Rate. The IDC Rate is a tool for determining the proportion of indirect costs each program should bear. It is expressed as a percentage and is the ratio of indirect costs to a Direct Cost Base (also known as an IDC Rate Base). On an annual basis, the Navajo Nation negotiates an IDC Negotiation Agreement with the Interior Business Center or the Department of the Interior, which requires approval by the Naa'bik'iyáti' Committee of Council and is signed by the Navajo Nation President.
- 17. Indirect Cost (IDC) Rate Base.** The IDC Rate Base, also known as the Direct Cost Base, is the accumulation of the Navajo Nation's total direct costs excluding extraordinary or distorting expenditures, such as: capital expenditures, pass-through funds, participant support costs, and the portion of sub-contracts in excess of twenty-five thousand dollars (\$25,000). When a Program is calculating the amount of IDC in an external funds award, the IDC Rate Base equals the total award of external funds less exclusions. For a complete list of object codes excluded from the IDC Rate Base in FY 2022, see Appendix L-5 on pages 100 and 101. IDC shall not be recovered on object codes that are excluded from the IDC Rate Base.
- 18. Indirect Cost (IDC) Reimbursement or Recovery.** The Navajo Nation allocates recovered IDC to Programs in the Indirect Cost Pool to reimburse them for the cost of providing support services to all externally funded Navajo Nation Programs. To ensure full recovery of IDC, allocation of recovered IDC shall be pursuant to the latest IDC Rate Proposal approved by the Interior Business Center of the Department of the Interior. If a Program charges service fees to federally funded programs it must be excluded from the IDC Cost Pool, unless, under certain limited circumstances, it is possible to offset the costs for which fees were collected and thereby reduce the Program's percentage in the IDC Cost Pool in order to prevent double recovery of IDC on the same activities.
- 19. In-Kind Match Allowances.** A non-cash contribution which can be given a market value. The contribution may consist of services, supplies, materials and equipment contributed by the recipient or third party for a project-related cost when permitted by law. The contribution must be eligible and necessary for the implementation of the project and must meet the cost allow ability requirements of the funding agency's cost principles applicable to the entity receiving the contribution or undertaking the project.
- 20. Lapse Funds.** Lapse Funds means appropriated funds that are not encumbered or spent by the applicable statutory or contractual deadline for the expenditure of the funds, and thus revert to the original source of the funds (usually the General Fund).
- 21. Local Government Improvement Projects.** Government improvement projects that include, but are not limited to, house wiring, bathroom additions and projects that address individual or community needs, but which may not meet the requirements for, or definition of, capital improvement/capital projects.
- 22. Matching Funds.** Navajo Nation General Funds appropriated to meet cash match funds requirements from external funding sources.
- 23. Memorandum of Agreement.** A binding written agreement between two or more parties to cooperatively work together to resolve an issue of mutual concern, or to accomplish one or more agreed upon projects or one or more mutual purposes. An MOA lays out the ground rules for a positive cooperative effort. It may be used between the tribal government and a private individual or entity, or between the central government and local governance certified chapters or Navajo Nation Township, and is legally enforceable. 2 N.N.C. § 110(N).
- 24. Memorandum of Understanding.** A non-binding written agreement between two or more parties indicating an intended line of action where the parties agree to act in good faith to comply with the terms. It may be used between the tribal government and a private individual or entity, or between the central government and local governance certified chapters or Navajo Nation Township, and is not legally enforceable. Agreements between tribal divisions, agencies, programs, and non-certified chapters are not MOUs for purposes of 2 N.N.C. § 164(B) and may be executed by the appropriate division. 2 N.N.C. § 110(O).

- 25. **Navajo Nation Entities.** Organizations that are not a part of the Navajo Nation government, but are affiliated with the Navajo Nation.
- 26. **Navajo Nation Funds.** These are funds authorized for use through appropriation by the Navajo Nation Council. Among these are governmental, fiduciary and proprietary fund types which are defined under 12 N.N.C. § 810(S) of the Appropriations Act.
- 27. **Navajo Nation.** The three branch government of the Navajo Nation consisting of the executive, legislative, and judicial branches.
- 28. **Plan of Operation.** A legislative approved document that authorizes the establishment and existence of an organizational unit of the Navajo Nation government and that includes its authorities, purposes, goals, objectives, personnel, organizational chart, and legislative oversight.
- 29. **Performance Budgeting.** A method of budgeting used by the Navajo Nation that incorporates program performance criteria (goals and actual results) developed on a quarterly fiscal year basis, to assist with the allocation of funds during the budget development process.
- 30. **Program.** A general reference to an organizational unit of the Navajo Nation government, i.e., Division, Department, Office, Chapter, Grantee, Business Unit or Entity.
- 31. **Program Budget.** A financial plan identifying the expected revenues and expenses of a Program.
- 32. **Standing or Oversight Committee.** A committee of the Navajo Nation Council established by authorizing legislation contained in Title 2 of the Navajo Nation Code.
- 33. **Supplemental Appropriation.** An appropriation of funds from the UUFB during the fiscal year, outside of the annual Comprehensive Budget Process. 12 N.N.C. § 820(L).
- 34. **Unreserved, Undesignated Fund Balance.** In governmental accounting, a fund balance is what is left over after the fund's assets have been used to meet its liabilities, and fund balance must be reported as either reserved or unreserved. *Unreserved* fund balance means the portion of the fund balance that is not legally limited to being used for a particular purpose, and is unencumbered and unobligated. *Undesignated* means that the government has not expressed an intention to use the available resources in a particular manner. The Unreserved, Undesignated Fund Balance is the portion of the Navajo Nation general funds, which includes funds received in excess of the initial or current revenue projections that have not been reserved or otherwise designated. An amount of ten percent (10%) of the general fund operating budget for the prior fiscal year, excluding expenditures for capital improvement projects as determined by the Controller, shall be maintained as a reserve during the fiscal year. The Unreserved, Undesignated Fund Balance shall not be utilized to fund recurring expenditures or operations of the Navajo Nation government, unless this provision is waived by the Navajo Nation Council. 12 N.N.C. § 820 (E), (F), and (J).

VII. REVIEW/APPROVAL OF GRANT APPLICATIONS AND PROPOSED AMENDMENT OF GRANT AGREEMENTS.

- A. Programs and Chapters shall submit all grant applications, including electronic online submissions, proposed grant agreements, and proposed modifications of grant agreements to OMB Contracts and Grants Section for review and approval prior to submission to an external funding agency and implementation by the Nation. Only those grant applications and grant awards/modifications that are determined sufficient by OMB shall be authorized and approved.

If a Program submits to the funding agency a grant application or other grant document without first obtaining review by OMB, OOC, DOJ, and the Branch Chief, OMB shall make a determination as to whether to require a review by all reviewers after the fact or whether review by OMB will be sufficient.

- B. Applications for successor year grants shall be submitted to the funding agency by the regulatory due date by the Nation. This is to ensure that the grant is awarded and executed for implementation by the effective date of the budget period. On grant application or modification that is submitted very untimely for review and authorization by the Nation, the Division Director shall explain the reason in memorandum and action taken to resolve the noncompliance.
- C. Notwithstanding Section VI.B above, grant applications that are on a short timeline for submission and where obtaining full review could result in failure to meet the funding agency's application due date, the grant application may be submitted based on review and approval by OMB and the respective Branch Chief, without review by OOC and DOJ.
- D. For grant applications that require online submission, a hard copy of the grant application shall be reviewed first by OMB, OOC, DOJ, and the respective Branch Chief prior to submission.
- E. The grant application and grant agreement (award/modification) shall be signed by the Branch Chief pursuant to 2 N.N.C. § 222(A) as follows. The signature certifies the documents are sufficient for submission, acceptance, or approval.
 - 1. President signs ERF documents for Executive Branch.
 - 2. Speaker signs ERF documents for Legislative Branch.
 - 3. Chief Justice signs ERF documents for Judicial Branch.
- F. OMB Contracts and Grants Section shall submit all grant applications (including online submissions) and proposed amendments of external grant agreements by the Nation to the funding agency.

VIII. ACCEPTANCE OF GRANT AWARD AND AUTHORIZATION TO EXPEND BUDGET.

- A. Grant awards offered through Grant Agreements to the Nation shall be submitted to OMB for review pursuant to 2 N.N.C. §§ 1201 et seq., and shall be subject to review by OOC, DOJ, and the respective Branch Chief, for acceptance by the Nation prior to implementation. The notice of award, scope of work and budget that was included in the grant application shall be updated to match the amount of award, scope of work and budget and attached to the review packet.
- B. Successor year (annual) grants on multiyear Contracts or Agreements that are awarded automatically by the funding agency without the Nation submitting a grant application shall be submitted to OMB, OOC, DOJ, and the respective Branch Chief for review and for acceptance by the Nation.
- C. Grant award on which the grant application was not authorized by the Nation through review and approval required by Appendix L Section VI. B. above shall obtain full review by OMB, OOC and DOJ under Section VII. A. above prior to such authorized for implementation by OMB. The Division Director shall explain the reason in memorandum the grant application was submitted without authorization by the Nation and action taken to resolve the noncompliance.
- D. On a grant award that is submitted very untimely for review, acceptance, and implementation, the Division Director shall explain the reason in memorandum addressed to OMB and the respective Branch Chief and shall take corrective action to resolve the noncompliance.
- E. Only those grant awards determined sufficient by OMB and that pass through the review process shall be signed by the respective Branch Chief pursuant to Sec. VI. G. above to execute the Grant Agreement.
- F. The budget included in the executed Grant Agreement or modification to the Grant Agreement shall be set up in FMIS and authorized for unrestricted budget use by OMB.
- G. On grants that operate on fee for service type, the budget shall be set up at the (annual) amount provided by the funding agency and shall be adjusted at the end of the grant year to actual fees earned and reimbursed. The expenditure on these accounts shall be monitored by the program to ensure such does not exceed the actual fees generated and collected.

- H. Expending Budget on an Application Pending Award and an Award Pending Execution of a Grant Agreement. Subject to recommendation by OMB and approval by the Navajo Nation Controller, applications pending award and awards pending execution on recurring grants on which effective date of the budget period has commenced may be implemented on a restricted budget use basis. Expenditures shall be strictly limited to essential costs related to the life, health, and safety of the public. The Division that administers the grant shall ensure the award is secured and executed promptly so the restriction is lifted by OMB and the grant funds are available for unrestricted budget use. OMB may recommend and the Controller may approve such restricted expenditures based on satisfaction of the following criteria:
1. Generally, only recurring grants shall be considered for restricted expenditures on an application pending award and an award pending execution. Non-recurring grants may be considered on a case by case basis at the discretion of OMB and the Controller.
 2. The grant application must have been deemed sufficient by OMB and authorized through Navajo Nation's review process prior to being submitted to funding agency.
 3. There must be statutory language or written authorization provided by the funding agency that specifies the amount authorized, period authorized, and attest that all costs incurred on the grant shall be reimbursed to the Nation.
 4. The budget should be for the entire grant year but the total amount shall not exceed the latest enacted budget for the year. The personnel action forms (PAF) to continue employment of personnel from the existing to successor year grant shall be processed accordingly.
 5. The respective Division Director shall request in writing to OMB and OOC authorization for restricted use of the budget and shall explain the reason(s) the grant award has not been executed and the actions that will be taken to resolve the issue.
- I. The purpose of the grant award shall be achieved within the budget period of the award. This includes maximizing the deliverables and achieving the scope work, full expenditure of the award, timely submission of required reports to the funding agency by the due date, and closing out the grant immediately upon satisfying the terms and conditions of the agreement, etc.

IX. INDIRECT COST (IDC) REQUIREMENTS ON BUDGETING.

- A. All matters regarding budgeting for recovery of IDC funds and allocation of projected IDC funds shall be in accordance with 2 CFR Part 200 (Uniform Guidance) or other federal regulations applicable to the funding agency, and applicable Navajo Nation laws, and budget policies and procedures.
- B. IDC Funding for the NN Comprehensive Budget.
1. Projection on recovery of IDC funds for use as operating source for development of the NN Comprehensive Budget shall be provided by OMB and OOC for approval by Budget and Finance Committee.
 2. The projected recovery of IDC funds accepted by the NN and excess IDC funds recovered beyond the projection shall be allocated to those programs that are eligible and based on the programs' percentages in the IDC pool in the latest approved IDC rate proposal.
- The amount of IDC funds allocated shall be in addition to the General Funds and other NN funds. The cumulative amount of NN and IDC funds will serve as the programs' base budget or budget planning amount in submission of their requested fiscal year budgets.
- C. Budgeting for Recovery of IDC Funds.
1. Budget for recovery of IDC funds shall be included in application for federal funds and awards pursuant to 2 N.N.C. § 701(A)(10). Budget for recovery of IDC shall be included in application and award for state, county, and local government funding agencies provided that the funding agency allows for IDC recovery. It is not required for Program to seek a waiver of the IDC rate under 2 N.N.C. § 701(A)(10) if the non-federal funding agency does not allow the program to apply the current IDC rate under the latest approved IDC Negotiation Agreement.
 2. The IDC rate in the latest executed IDC Negotiation Agreement between the Interior Business Center/DOI and the Nation shall be used to budget for recovery of IDC funds.

3. The recovery of IDC funds that is in the grant application and award by the funding agency shall be a specific budget line item in the Grant Agreement.
4. Proposed use of an IDC rate on federal award that is different from the latest approved IDC rate requires approval of a waiver by the Naa'bi'k'iyáti' Committee pursuant to 2 N.N.C. § 701(A)(10). The program requesting the waiver of the approved IDC rate must commit its NN General Funds to offset the loss of indirect costs (2 N.N.C. § 701(A)(10)(b)). Chapters requesting a waiver are not subject to administrative costs assessed by the central government (2 N.N.C. § 701(A)(10)(c)).
5. If a funding agency has a statutory cap on administrative costs but the funding agency allows the Navajo Nation program to use the current negotiated IDC rate to recover IDC, the program is not required to seek a waiver of the IDC rate from the Naa'bi'k'iyáti' Committee, even if the administrative cost cap has the effect of reducing overall IDC recovery.
6. When an external grant covers multiple fiscal years or the grant's funds are carried over from the current fiscal year to the successor fiscal year, the approved IDC rate in place at the time the funds are expended shall be used to recover IDC.

D. Calculating Budget for Recovery of IDC.

1. The formula to calculate the budget for recovery of IDC is as follows. Use form ERFF D to calculate the budget amount on recovery of IDC and submit it with the budget on grant applications and grant awards.
 - a. $\text{Budget for IDC Recovery} = \text{IDC Base} - [\text{IDC Base} / (1 + \text{IDC Rate})]$.
 - b. IDC Base = Total Grant Award less exclusion and pass-through funds. A list of accounts (object codes) that are eligible for exclusion and pass through is on page 100 - 101, Appendix L-5.
2. Example on calculating the Budget for Recovery of IDC:
 - a. Calculating the budget for IDC recovery on an external grant that requires match (20%) is as follows:
 - Total Grant Award is \$150,000.
 - Budget for equipment is \$50,000.
 - (NN Match is \$10,000 = (\$50,000 x 20%).
 - Grantor Match is \$40,000 = (50,000 x 80%).
 - IDC base is \$110,000 = (\$150,000 - \$40,000).
 - FY 2020 IDC Rate is 18.7%.
 - Budget for IDC Recovery is \$17,329 = \$110,000 - (\$110,000/1.187).
 - b. Calculating Budget for IDC recovery on external grant with no required match:
 - Total grant award is \$150,000.
 - Budget for equipment is \$50,000.
 - IDC base is \$100,000 = (\$150,000 award - \$50,000 exclusion).
 - FY 2020 IDC Rate is 18.7%.
 - Budget on recovery of IDC is \$15,754 = \$100,000 - (\$100,000/1.187).

X. REQUESTS FOR MODIFICATION OF GRANT AGREEMENTS BY THE NATION

- A. The types of modifications of grant agreements requested by the Nation include: extension of the end date of the grant period; carryover of unexpended award from current year to successor year business unit; revisions to the scope of work and / or the budget; etc.
- B. Completed (filled out) form ERFF D, Request for Modification of Grant Agreement (Appendix L-4) shall be submitted by the Division Director to OMB for document review no later than 30 calendar days prior to the effective date the change is required. If funding agency approval is required, OMB will handle that as appropriate.
- C. The request for extension on the ending date shall not exceed one year of the current ending date. Approval of the extension of the ending date shall be obtained prior to expiration of the current ending date.
- D. Proposed revisions to the scope of work (SOW) shall address the following:
 - The proposed changes shall be redlined with new language underscored and deletions stricken through.
 - The redlined and clean versions of the revised SOW shall be submitted with the request.

- E. Required approval on extension of the end date of multi-year contracts or annual funding agreements is as follows. The carryover funds on P. L. 93-638 contracts or Annual Funding Agreements (AFAs) will remain in the existing business unit for expenditure.
 - 1. Multi-Year Contracts or Agreements:
 - a. On P.L. 93-638 BIA/IHS Contracts, approval of extension of the ending date of the Contract rests with the Navajo Nation.
 - b. On non P.L. 93-638 Contracts, requests for extension shall be handled based on the terms and conditions of the Contract or Agreement.
 - 2. Annual Contract or Funding Agreement (AFA).
 - a. On P.L. 93-638 BIA/IHS Contracts, approval of extension of the ending date of the AFA rests with the Navajo Nation.
 - b. On non P.L. 93-638 Contracts, requests for extension of the ending date shall be handled based on the terms and conditions of the Contract or AFA.

XI. EXPENDING CARRYOVER FUNDS (UNEXPENDED AWARD) ON GRANT AGREEMENTS THAT HAVE ENDED.

- A. If an unexpended award will be carried over from the current year business unit to the successor year business unit, two (2) form ERFF A, Summary of Change on External Grant Budget, shall be submitted. The first form ERFF A is to reduce the award by the amount of the carryover in the current business unit, and the second form ERFF A is to budget the carryover amount for set up in the successor business unit.
- B. In a NN budget year, if a program operates with more than one grant due to carryover funds on the prior year grant, the earliest award shall be fully expended first and the next successor award shall follow in the order of the grant year. This is commonly referred to as the "First In, First Out" (FIFO) expenditure method.
- C. Unexpended awards that continue to be carried over beyond the initial year one extension is a performance issue. The Division Director shall monitor that and take all actions necessary to resolve the issue and to avoid further carryover.
- D. Excess Receipts on Fee for Service Grants and Unexpended Third Party Reimbursement. Awards or fees collected that are not expended at the end of the budget period which is allowable as carryover funds from the current to successor budget period or current to successor business unit for expenditure shall be handled pursuant to Section IX. B., C. and D. above.

- B. The CBP applies to all Administrative Staff and Chapter Officials for all 110 Chapter governments as defined in the Local Governance Act (LGA), 26 N.N.C. §§1 *et. seq.*
- C. This CBP shall be interpreted in a manner consistent with the Chapter Budget Procedures (Appendix M of this BIM) and the ASC Plan of Operation, as amended.

In order to achieve this purpose, this Act has the following objectives for the Comprehensive Budget's performance:

The acquisition, use and balances of the Navajo Nation's expendable financial resources and the related liabilities (except those accounted for in proprietary funds and the long-term obligations account group) are accounted for through governmental funds. The measurement focus is based upon determination of changes in financial position, rather than upon net income determination. The following are the Navajo Nation's governmental fund types:

- a. "General Fund." This Fund is the general operating fund of the Navajo Nation. It is used to account for all financial resources except those required to be accounted for in another fund.
- b. "Special Revenue Fund." This Fund is used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. This fund includes Externally Restricted Funds which is defined as Funds received by the Navajo Nation from sources other than the Navajo Nation for a specific purpose.
- c. "Capital Projects Fund." This Fund is used to account for the financial resources and expenditure for the acquisition or construction of those capital improvements defined in Subsection (F) above (other than those financed by proprietary funds and fiduciary funds).

2. "Proprietary Fund Types." Proprietary funds are used to account for the Navajo Nation's ongoing organizations and activities which are similar to business operations in the private sector. The measurement focus is upon determination of net income and capital maintenance.

The following are the Navajo Nation's proprietary fund types:

- a. "Enterprise Fund." This Fund is used to account for Navajo Nation operations that are financed and operated in a manner similar to private business enterprises - where the intent is that the costs of providing goods or services to the public be financed or recovered primarily through user charges: or where a periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for accountability purposes.
 - b. "Internal Service Fund." This Fund is used to account for the financing of goods or services provided (inter and intergovernmental) on a cost-reimbursement basis.
3. "Fiduciary Fund Types." Fiduciary funds are used to account for assets held by the Navajo Nation in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. These funds include but are not limited to expendable and nonexpendable trust funds, and pension trust funds, etc. Expendable trust funds are accounted for in a manner similar to governmental funds. Nonexpendable trust funds and pension trust funds are accounted for in a manner similar to proprietary funds.
 4. The foregoing definitions concerning fund types shall not be deemed to create any exceptions to the Navajo Nation Sovereign Immunity Act.

§ 820. OVERALL BUDGET POLICIES

(A) Comprehensive Budget. The Navajo Nation government shall operate pursuant to a Comprehensive Budget.

(B) Budget Impact Analysis. All requests for appropriation of Navajo Nation funds shall be subject to budget impact analysis, which shall include, but not be limited to, needs and costs evaluations, based on objective criteria.

(C) Long Term Fiscal Viability. The Navajo Nation shall prepare each annual budget to ensure the long-term ability to provide services at levels set by the Navajo Nation government.

(D) Balanced Budget. The Navajo Nation budget shall balance revenues and expenditures. Appropriations may not exceed available revenues.

(E) Recurring Operating Costs Paid from Recurring Revenues. The Nation shall budget all recurring operating expenses, including maintenance of capital facilities, from recurring revenues. Long-term debt shall not be used to finance recurring operating expenses.

(F) Non-Recurring Revenues. The Nation shall restrict non-recurring revenues to budget nonrecurring expenditures. In addition, non-recurring revenues will be budgeted only after an examination by the Controller to determine whether or not the revenues are subsidizing an imbalance between recurring revenues and expenditures, and expenditures may be authorized only if a long-term (three-to-five year) forecast shows that the operating deficit will not continue. Otherwise, non-recurring revenues will be added to the Unreserved, Undesignated Fund Balance. This provision may be amended or waived only by a two-thirds (2/3) vote of the full Council.

(G) Matching Requirements. Funds appropriated to match funds from external sources shall be maintained in separate accounts administered by the Controller. If matching funds are not obtained from the external sources, the appropriated funds shall revert to the Unreserved, Undesignated Fund balance.

(H) Long-Term Debt. Annual debt service for long-term debt shall not exceed eight percent (8%) of annual recurring revenue and long-term debt shall not be authorized until the impact of annual debt service on the annual operating budget, including sinking fund contributions, has been analyzed and a determination has been made that debt service payments are in compliance with this Section.

(I) Capital Budget. Development of the Capital Budget shall be coordinated with development of the Operating Budget. All budget requests for capital improvements shall be in compliance with an adopted Capital Improvement Plan and shall not be approved unless in compliance with the Plan.

(J) Establishment of Reserves. For the General Fund, the Minimum Fund balance for Unreserved, Undesignated Fund balance shall be maintained at not less than ten percent (10%) of the Navajo Nation's General Fund Operating Budget for the prior fiscal year, excluding expenditures for Capital Improvement projects as determined by the

Controller. The Minimum Fund Balance may be amended only by two-thirds (2/3) vote of the full membership of the Navajo Nation Council. The Controller shall keep the Office of the President, the Office of the Speaker and the Budget and Finance Committee of the Navajo Nation Council advised at least quarterly as to the status of the Minimum Fund balance for Unreserved, Undesignated Fund Balance. Further, Unreserved, Undesignated Fund Balance shall not be utilized for funding recurring expenditures or operations of the Navajo Nation government.

(K) Receipt of Additional Revenues. Funds received in excess of the initial or current revenue projections shall be deposited into the General Fund Unreserved, Undesignated Fund balance unless otherwise designated by the Navajo Nation Council.

(L) Supplemental Appropriations. The Navajo Nation Council may adopt and approve supplemental appropriations to the Annual Comprehensive Budget during the fiscal year. Supplemental appropriations of General Funds within the current fiscal year are permitted, (1) if and when additional sources of revenues above and beyond the initial or current revenue projections are projected and which are also in excess of the reserve amount set forth at § 820 (J), or (2) when the Unreserved, Undesignated Fund balance is in excess of the reserve amount set forth at § 820 (J). Upon notification from the Controller of additional projected funds or when the Unreserved, Undesignated Fund balance is in excess of the reserve amount set forth at § 820 (J), the Budget and Finance Committee may convene budget hearings for the purpose of hearing and considering requests for supplemental appropriations. Supplemental appropriations to programs or activities with approved fiscal year operating budgets must be supported by additional recurring revenues for the same fiscal year. The Budget and Finance Committee, at the recommendation of the respective oversight standing committee(s), may recommend supplemental appropriations to the Navajo Nation Council. Supplemental appropriations made from non-recurring revenues shall only be made for non-recurring operations or purposes, as set forth at § 820 (F). The Controller of the Navajo Nation shall be responsible for designating recurring and non-recurring revenues and purposes.

(M) Office of Management and Budget. The Office of Management and Budget, as authorized by its Plan of Operation as amended, shall be responsible for consolidation and preparation of all phases of the Navajo Nation budget. The Office shall coordinate the overall preparation, adoption and implementation of both the annual operating and capital budgets of the Navajo Nation. All requests for annual operating funds and supplemental funds shall be submitted to the Office of Management and Budget for budget impact analysis and other appropriate action.

(N) Appropriations Lapse. Appropriations approved by the Navajo Nation Council will lapse at the end of the fiscal year unless otherwise designated by the Navajo Nation Council. Appropriations to the chapters of the Navajo Nation shall not lapse at the end of the fiscal year provided that the chapters shall budget those funds in the subsequent fiscal year in accordance with the purposes and conditions originally set forth by the Navajo Nation Council in its appropriations.

(O) Distributions to Chapter. Where not otherwise prohibited by existing law, any appropriation intended for distribution to all chapters of the Navajo Nation shall be allocated as follows: fifty percent (50%) of the appropriation shall be divided equally among all chapters and the remaining fifty percent (50%) shall be divided proportionately among the chapters using a percentage equal to that figure which the number of registered voters in each chapter bears to the whole of registered Navajo Nation voters as determined by the most current voter registration figures available as of the date of the appropriation, except that appropriations for chapter official stipends shall be equally divided among all the chapters regardless of the percentage of registered voters in the chapter.

(P) Navajo Nation Grants. Any entity of the Navajo Nation requesting a grant from the Navajo Nation through the submission of a budget request shall first meet the following requirements:

1. The program receiving the grant shall have an approved plan of operation;
2. The budget request shall be a part of a recommended division or branch budget;
3. The respective oversight committee for the division or branch shall have made an affirmative recommendation on the request.

(Q) Local Government Funds are used to address the improvement needs of the local governments that may consist of, but are not limited to, house wiring and bathroom additions. An amount equal to the actual cost of proposed projects but not to exceed twenty-five percent (25%) of that year's capital improvement appropriation will be appropriated into the Local Government Funds for these projects. Additional amounts may be appropriated from time-to-time or may be obtained from other sources.

(R) Condition of Appropriation.

1. The Navajo Nation Council may include one or more Condition of Appropriation in a resolution approving the comprehensive budget.
2. A Condition of Appropriation will only be directed to the specific program having direct responsibility to fulfill the required task or tasks, and not to a general branch or division.
3. A condition may require a freeze on the expenditure of travel funds of the program, or a withholding of up to ten percent (10%) of the gross salary of the program director of the program tasked with fulfilling the condition, if the condition is not performed within a specified time period within the fiscal year. The restriction on expenditures will continue until the condition is fulfilled, as found by the Budget and Finance Committee pursuant to Subsection 5. A program director's salary cannot be withheld if his or her salary is already being withheld for failure of the program to fulfill another Condition of Appropriation, or for failure to implement a corrective action plan issued by the Auditor General pursuant to 12 N.N.C. § 9(C). The withholding of salary shall not apply to a program director hired after the Budget and Finance Committee has imposed salary withholding on the prior program director's salary unless, after consultation with the new program director, the Office of the Controller, and the Office of Management and Budget, and upon recommendation of the appropriate Council committee with oversight over the program, the Budget and Finance Committee, by resolution, votes to impose such withholding. The director may grieve that action by filing a complaint with the Office of Hearings and Appeals within ten (10) working days of the Budget and Finance Committee's action. The decision of the Office of Hearings and Appeals will be final, and there shall be no right of appeal to any court.
4. Prior to the approval of a Condition of Appropriation, the Navajo Nation Council shall consult with the director of the program required to fulfill the condition, as well as the Office of the Controller, and the Office of Management and Budget. The consultation shall include a discussion of the feasibility of the program fulfilling the Condition, including within the time period proposed by the Council, and any alternatives to the proposed Condition.
5. If a Condition of Appropriation is not fulfilled within the time period required, the Budget and Finance Committee, after consultation with the program director, the Office of the Controller, and the Office of Management and Budget, and upon the recommendation of the appropriate Council committee with oversight over the program, may, by resolution, vote to (1) implement the restriction on the program's expenditures authorized by Subsection 3, (2) extend the time period for the program to fulfill the condition, or (3) vacate the condition if it is infeasible for the program to fulfill. If the Budget and Finance Committee requires the withholding of the program director's salary, the withholding shall be effective only after the Committee's action, and cannot be applied retroactively to withhold salary already earned by the program director.
6. If, pursuant to Subsection 3, the Budget and Finance Committee approves the withholding of the program director's salary, the director may grieve that action by filing a complaint with the Office of Hearings and Appeals within ten (10) working days of the Budget and Finance Committee's action. The decision of the Office of Hearings and Appeals will be final, and there shall be no right of appeal to any court.
7. If, after imposition of a restriction authorized by Subsection 3, the program believes it has fulfilled the Condition of Appropriation, it shall present evidence of fulfillment of the condition to the Budget and Finance Committee through presentation of a report. If, after consultation with the Office of the Controller and the Office of Management and Budget, the evidence provided shows fulfillment of the condition, the Budget and Finance Committee shall, by resolution, vote to declare the condition fulfilled, and lift the restriction. Any accrued amount of salary withheld from the program director will then be returned to the director. If the Budget and Finance Committee decides the condition is not fulfilled, it shall make such finding and, by resolution, vote to continue or lift the restriction. If the Budget and Finance Committee votes to continue any withholding of a program director's salary, the director may grieve that action by filing a complaint with the Office of Hearings and Appeals within ten (10) working days of the Budget and Finance Committee's action. The decision of the Office of Hearings and Appeals will be final, and there shall be no right of appeal to any court.
8. If, at the end of the fiscal year, the condition has not been met, any salary withheld from the program director shall be forfeited. There shall be no challenge to any forfeiture.

Prior to initiation of the annual budget process, the Office of Management and Budget shall identify a budget format (i.e., Line-item, Performance, Program, Zero-base, etc.) that will assist the Navajo Nation in correlating budget costs to alternative services levels and alternative policies that will affect those service levels.
