Pursuant to the Appropriations Act, specifically at 12 N.N.C. §820(M) and §830(H), this BIM provides instructions for the preparation of all Program budgets for the Navajo Nation’s Comprehensive Budget for each Fiscal Year (“Comprehensive Budget”). This BIM also includes procedures for funding requests and awards, budget administration and monitoring. Program budget and performance reporting, and other matters related to budgeting and fiscal accountability. Once the BIM for the current Fiscal Year is formally approved, it is posted on the website of the Navajo Nation’s Office of Management and Budget (“OMB”), at <http://www.omb.navajo-nsn.gov>. A bound copy of this BIM is available for a fee; contact OMB at (928)871-6570/6470.

However, Chapter Officials’ stipends for the monthly regular Chapter meetings and Chapter Planning Meetings, are treated as Fixed Costs. Chapter Officials’ stipends for Emergency Chapter Meetings, Special Chapter Meetings, Agency Council Meetings, District Council Meetings, and Regional Council meetings are treated as Fixed Costs (see Appendix M-1 at Section 4G). Likewise, stipends for Grazing Officers, Land Board Members and Farm Board Members are treated as Fixed Costs. Costs for the Navajo Election Administration may also be treated as Fixed Costs.

- 23. IDC** is the acronym for “Indirect Cost” which is a cost incurred from common or joint purposes that benefit more than one individual Program, and IDC is not assignable to a single contract or grant.
IDC is the Navajo Nation’s cost of providing overarching and centralized government support services to all Programs receiving External Funds from federal entities. Such services include accounting and financial management, personnel management, property management, records management, legal services, auditing services, building rent/lease, utilities, janitorial services, repairs and maintenance of facilities, equipment, insurance and bonding, and depreciation.
The majority of externally funded programs receive funds for *Direct Costs* and *Indirect Costs*. *Direct costs* are costs that are assigned to a particular Program because such costs can be directly associated with an External Funds award to the Program or with other internally funded or externally funded activities carried out by the Program.
All Branches and Programs receiving External Funds from federal entities must include IDC in the contract or grant governing the funding award if the federal entity providing the funds allows IDC Recovery.
- 24. IDC Rate** means a tool for determining the proportion of IDC each Program should bear. The IDC Rate is expressed as a percentage figure and is the ratio of IDC to a Direct Cost Base (also known as “IDC Rate Base”). IDC Rate Base** also known as the Direct Cost Base, means the accumulation of the Navajo Nation’s total direct costs excluding extraordinary or distorting expenditures, such as: Capital Expenditures, pass-through funds, participant support costs, and the portion of subcontracts in excess of \$25,000. When a Program calculates the amount of IDC in an External Funds award, the IDC Rate Base equals the total amount of External Funds received, less funds under certain Object codes that are excluded.
For a complete list of Object Codes excluded from the FY2023 IDC Rate Base, see Appendix L-5 on pages 100 and 101 of the FY2023 BIM. IDC shall not be recovered with respect to Object Codes that are excluded from the IDC Rate Base.
- 26. Recovery** means recovered IDC money (federal funds) allocated to Programs specifically included in the Navajo Nation’s IDC Pool. To ensure full recovery of IDC money, allocations of recovered IDC money shall comply with the current federal IDC Rate Proposal approved by the Interior Business Center of the U.S. Department of the Interior. If a Program charges service fees to a federally funded entity, that Program must be excluded from the IDC Pool. However, under certain limited circumstances, it is possible to offset the costs for which fees were collected and thereby reduce that Program’s percentage of participation in the IDC Pool, in order to prevent double recovery of IDC on the same activities carried out by that Program. IDC Recovery money is treated as Fund Type Code 1.
- 27. In-Kind Match Allowance** means a non-cash contribution assigned a market value. Such contribution may consist of services, supplies, materials and/or equipment contributed by the funding recipient or by a third party for a project-related costs. To be credited to the funding recipient, such contribution must be eligible and necessary for the implementation of the funding recipient’s project must meet the cost allowability requirements of the entity providing the funding, and must also satisfy the cost principles applicable to the entity receiving the contribution or undertaking the project on behalf of the funding recipient.

The UUFB is the money remaining in the Navajo Nation’s General Fund after the General Fund is used to meet the Navajo Nation’s expenses, debts, and liabilities. Such remaining balance must be designated as either “reserved” or “unreserved”.
Unreserved refers to that portion of the remaining balance in the General Fund that is not restricted for spending on a particular project, purpose, or entity, and is available for expenditures as determined by the Council.
Undesignated refers to that portion of the remaining balance in the General Fund that is not intended for use on a particular project, purpose, or entity, and the Council has not expressed its intent to spend this money in a particular manner.
Pursuant to the Appropriations Act, at 12 N.N.C. §820(J), a minimum of 10% of the General Fund operating budget for Fiscal Year 2024, excluding FY2024 Capital Expenditures as determined by the Controller, shall be maintained as a reserve for Fiscal Year 2025.
Pursuant to the Appropriations Act, UUFB money cannot be used for recurring expenditures or operations of the Navajo Nation government, unless certain provisions are waived by the Council (see 12 N.N.C. § 820 (E), §820(F), §820(J), and §820(L)).

SECTION 3. PERFORMANCE BUDGETING AND PERFORMANCE ASSESSMENTS.

A. Performance Budgeting.

The Appropriations Act establishes the use of budget performance measures for the purpose of Program evaluation to facilitate positive Program improvement. See 12 N.N.C. §850 (A) – (E). OMB is required to create a system for performance evaluation and to consult with Branches and Programs in preparing evaluation standards. The Appropriations Act also requires Branches and Programs to develop a detailed annual plan with performance indicators for each Fiscal Year.

B. Methodology.

Performance Assessment to Budgeting allows branches, departments, and programs to define their goals, indicating the desired end results with the budget allocation. It is a tool to inform the appropriate Branch Chief/NNC for budget decisions. It serves as a direct input for budget allocation during planning to maintain current funding if the program consistently achieves its goals and demonstrates positive impact or modify funding to a new level or discontinue funding. Programs should increase/amend/revise their performance measure goals from the previous fiscal year based upon effectiveness and service delivery. Any program that

received any additional funding during the fiscal year (carry-over and/or supplemental funding, etc.) must REVISE its current Budget Form 2 (Performance Criteria) to incorporate the new performance measures associated with the additional funding. ANY changes to the Budget Form 2 require approval by the Branch Chief and the Division/Branch oversight committee. Contact OMB's Management & Policy Section for further information and/or instructions, if necessary.

Quantitative vs. Qualitative program performance measures can be used and program can elect to use either the original Form 2 (quantitative) or Form 2A (qualitative) depending on which best fits their organization.

C. Fundamental Distinction Between Two Types:

Quantitative measures – the goals provide clarity and focus, and they are specific, counted, measurable, and expressed using numerical values.

Qualitative measure – goals address broader aspects of a brief narrative description that outlines the goals, accomplishments, and future planning. A well-structured performance narrative combines storytelling with factual evidence. Craft it thoughtfully, emphasizing both what will be achieved and what will equate to success.

D. Program Performance Assessments.

Quarterly reports will be submitted by program managers that have been approved for the program budget. A Four-Point straight forward rating scale is used to determine Program performance measure scores. It is simple and easy to follow, it coincides with the concept of A – D school grading processes.

OMB/Management & Policy Section analysts will use Budget Form 2 submitted by program Managers assessing goals and actuals to evaluate and compare progress for each Fiscal Quarter (Q1, Q2, Q3, Q4).

Scores Range from 0 – 4:

4	90 – 100%	Outstanding
3	80 – 89%	Satisfactory
2	70 – 79%	Meets Expectations
1	59 – 69%	Unsatisfactory
0	0	No Report

For program scores that are in the range of either (0) zero or (1) one, OMB will notify the responsible manager, Division, and Branch Chief in writing that remedial or corrective action is needed and deliver a copy to the appropriate oversight committee. The quarterly performance reports will be disseminated to the (3) Branch Chiefs and Executive/Division Directors for distribution to programs and use as a tool to monitor and identify areas for improvement.

E. Reports required by the Appropriations Act.

In compliance with 12 N.N.C. § 850(A) of the Appropriations Act, OMB and OOC regularly monitor all Programs' actual expenditures against their approved budgets. OMB and OOC provide quarterly reports on such expenditures to the BFC, and to the Branch Chiefs with regard to their respective Branches. On a quarterly basis, all Programs are required to timely provide relevant information to OMB and to OOC, to assist in the preparation of the required quarterly reports.

SECTION 4. FINANCIAL MANAGEMENT INFORMATION SYSTEM (“FMIS”) BUDGETING.

A. FMIS Budgeting.

FMIS software and technology structured for the Navajo Nation government's organizational and periodic financial reporting requirements. OOC is responsible for the administration of the FMIS budget/expenditure data. FMIS maintains budget information using various budget ledger types, such as ledgers for budget development, final budgets, and budget revisions. Budget ledger types are administered by OMB and are used with other FMIS ledgers to provide budget status and other important financial information, in order to verify the availability of funds or to generate reports.

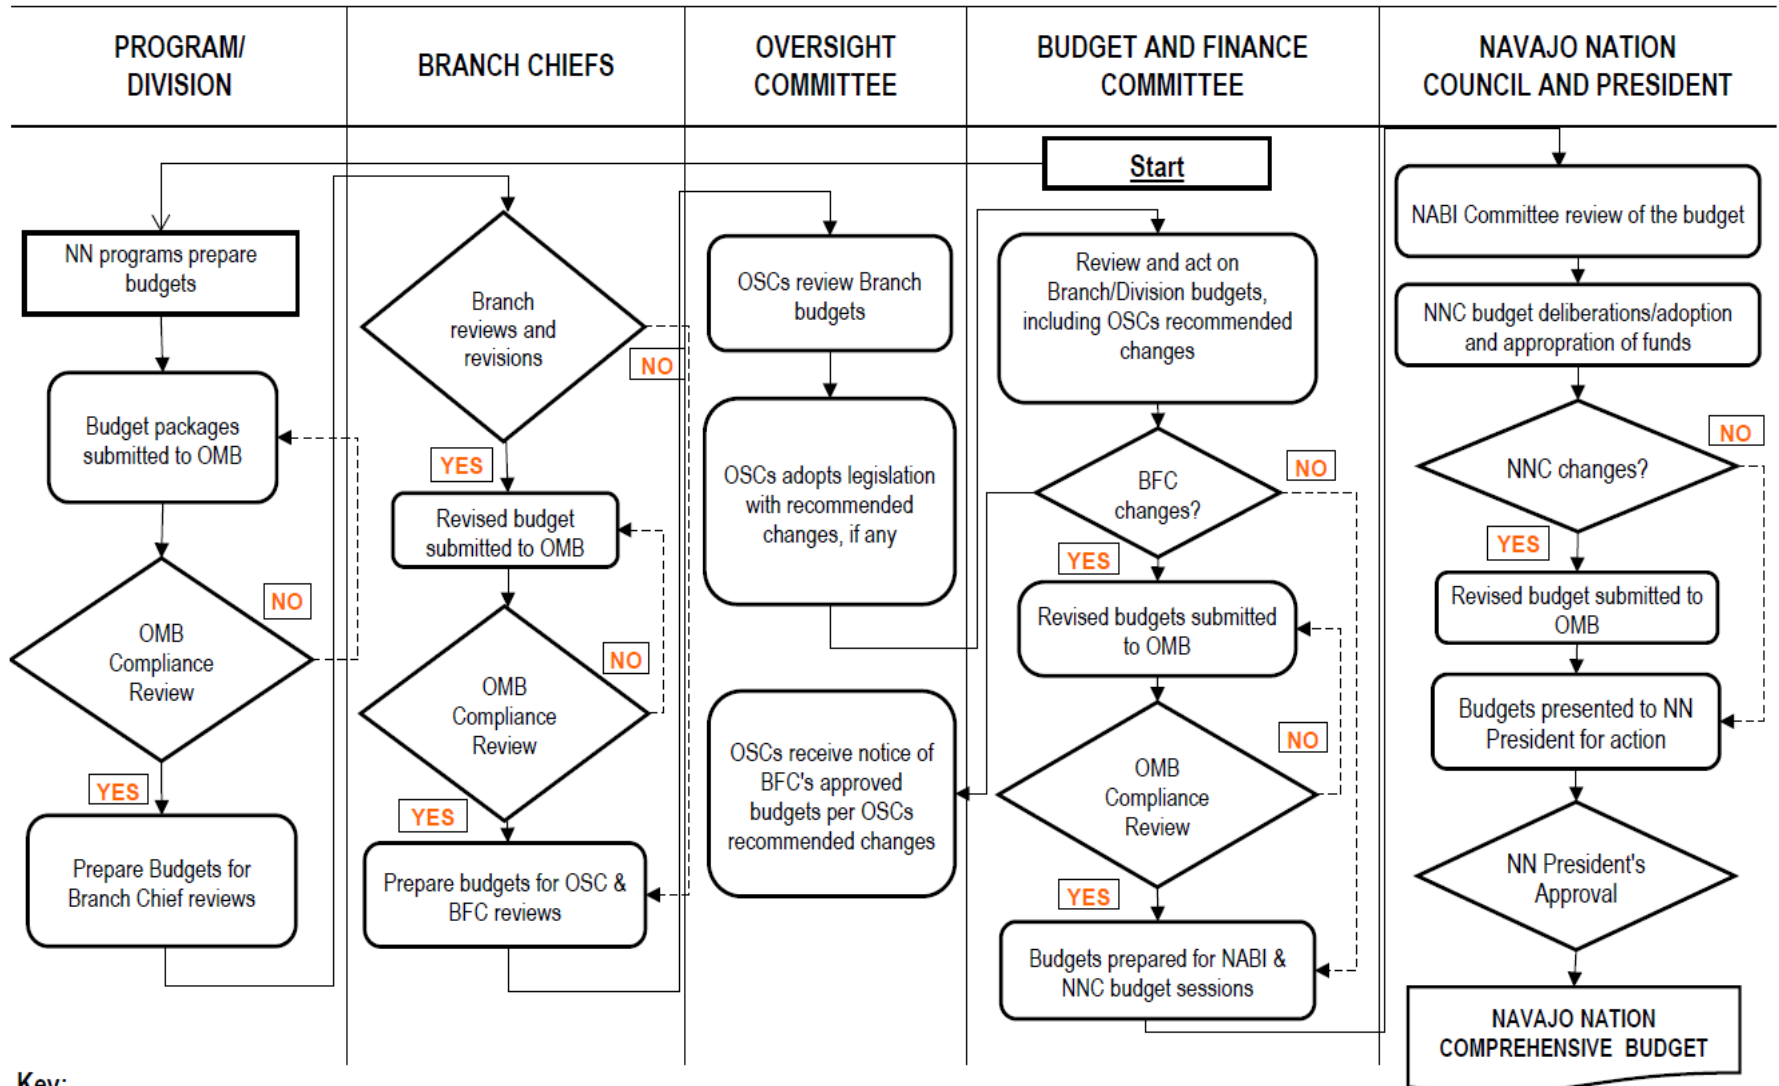

OOC is responsible for the routine administration of the FMIS expenditure data. OMB, at the request of the OOC, assigns a BU# to each Program, which is maintained in the FMIS for financial budgeting and accounting purposes. With the exception of job cost Business Units, OMB will assign the BU#. Budget development and administration in the FMIS are maintained within the assigned BU#. Programs may have multiple BU# depending on funding sources. Different funding sources may not be combined or joined together into one Business Unit.

OOC's Expenditure Authorization Signature Form authorizes individuals to incur expenses, make changes, and sign documents against Business Units. A new Form shall be required whenever: (1) an individual terminates employment or loses their authority, (2) additional individuals are granted authority, (3) changes are made to business units.

B. Chart of Accounts/Object Codes for FMIS Purposes and Level of Detail ("LOD").

The Chart of Accounts used by the Navajo Nation uses a 4-digit coding system, referred to as (Object Codes), to maintain distinct and correct line-item revenue and expense information in the FMIS. The Chart of Accounts and LOD used for Budgeting Purposes (see Appendix A), shows the various Object Codes to be used in preparing the annual Comprehensive Budget. Each Object Code in the Chart of Accounts is assigned a LOD ranging from 3 to 6. Accounts at LOD 6 are the most detailed and are used for documenting expenditures, while accounts at LOD 3 are the least detailed and are primarily used for generating reports. Accounts showing a lesser LOD (LOD 3 to 5) are primarily used for generating budget or financial reports on a sub-totaled basis. Budget data on the budget ledger are entered at LOD 6, except for personnel fringe benefits, which are budgeted at LOD 5 using Object Code 2900. OOC processes all procurement and financial accounting of actual expenditures at LOD 6. Budget amounts at LOD 6, if sufficient funds are available, will cover any LOD 6 Object Code. This allows Programs to budget at a greater LOD and to account for expenditures at LOD 6.

SECTION 5. BUDGET TIMETABLE AND PROCESS.

A. Budget Development Process.

The flowchart displayed on the previous page shows the annual Comprehensive Budget process, starting with BFC legislation approving the BIM, OOC's and OMB's revenue and expense projections for Fiscal Year 2025, and Base Planning Allocations for the Branches. Next, completed and detailed individual Program budgets are prepared and submitted to OMB. The prepared budgets, along with other budget related information, are submitted for review first to the Branch Chiefs, then to the respective Oversight Committees, then to BFC and the Naa'bik'iyáti' Committee, with final legislative approval by the Council and signing into law by the President.

B. Annual Budget Calendar.

The Budget Calendar for the Comprehensive Budget process is designed to ensure timely completion of key budget development activities and to identify the responsible parties involved in the budget development process. It also provides the due dates and flow of budget activities at various levels of the Navajo Nation government.

SECTION 6. FUND ALLOCATIONS.

A. General Fund Planning Allocations.

At the beginning of the annual Comprehensive Budget process, the three Branch Chiefs recommend to BFC the Base Planning Allocations for the three Branches. BFC then decides upon the Base Planning Allocations and approves such figures via Resolution. After the Base Planning Allocations are established, each Branch Chief then directs the allocation and budgeting of the General Fund planning amounts for their respective Branches and Programs.

B. Proprietary, Fiduciary and Special Revenue Fund Budget Allocations.

Amounts for Proprietary Fund, Fiduciary Fund, and Special Revenue Fund allocations for budgeting purposes are based on approved legislation establishing these particular funds. OOC provides the allocation amounts. Recipient Programs shall prepare and submit their budgets to OMB based on these pre-determined funding allocations.

C. IDC Recovery and Allocations.

The allocation of projected recovery of IDC (federal funds) is formula-based. IDC Recovery amounts vary each year according to the current IDC Negotiation Agreement approved by the Naa'bik'iyáti' Committee and executed by the President. OMB shall allocate projected recovery of IDC funds to eligible Programs in the preparation of their budgets. The amount of IDC will be in addition to the General Funds and other Navajo Nation funds allocated to such Programs. The combined amount of such funds will serve as the Program's base budget or budget planning amount when the Program submits its proposed Fiscal Year budget. See Appendix K of this BIM.

D. PLF Allocations.

PLF allocations shall be handled in accordance with Council Resolution No. CF-07-11 concerning the "Personnel Lapse account." OMB, in coordination with DPM and OOC, shall provide the available PLF amounts, if any, to be used by eligible Programs in preparing their budgets.

E. Line-item vetoes.

Funds that are line-item vetoed by the President are handled as follows:

1. General Funds – line-item vetoed General Fund monies become available for Supplemental Appropriations once the revenue projections for FY2025 are met.
2. Personnel Lapse Funds (PLF) – line-item vetoed Personnel Lapse Funds monies revert to the UUFB (see Council Resolution No. CF-07-11), unless otherwise determined by the Council.

SECTION 7. PROJECT BUDGETING AND ACCOUNT SET-UP.

- A.** OMB is responsible for setting up Business Units for all capital (C-accounts) and noncapital (N-accounts) projects in the FMIS. Projects can be funded from any source. Programs shall complete the Forms (primarily Budget Form 1; Budget Form 4; and, if necessary, Budget Forms 3 and 6 for personnel costs contained in this BIM, in accordance with the instructions provided. Such Forms must be completed in order to set up budgets in the FMIS. In addition, the Project Process Schedule at Appendix I, includes instructions to complete the Form, which shall be completed to replace Budget Form 2 for capital and noncapital projects.

- B. Project funding approval and administration may vary and is based on the laws, regulations, policies, and procedures governing each particular funding source. Contact the appropriate Program to obtain specific requirements and instructions that govern the selected funding source. Contact OMB to determine which Program can assist with project funding information and requirements.
- C. Documentation for project budget setup on each project shall include the following:

D. Personnel Budgets by Object Code.

This subsection governs to personnel budgeting and shall be used in conjunction with other applicable sections of this BIM. For additional information pertaining to this subsection, the PPM and other applicable policies and procedures should be consulted.

1. 2110 – Regular Personnel.

Upon request the appropriate Personnel Office shall provide the necessary position information for budgeting purposes, i.e. listing of positions, classified titles, subaccounts, workstation locations, current employee assignments and pay rates.

All budgeted positions (including unclassified and temporary) shall be assigned a 6-digit position identification number. The position ID number is used for identification purposes to distinguish the classified position title, class code (job type), the assigned pay grade/step, and the worksite location for all positions.

- a. Filled/Occupied Positions:
Proposed budget amounts shall be calculated by multiplying the incumbent's current hourly rate by 2,088 hours.
- b. Vacant positions:
Proposed budget amounts shall be calculated by multiplying the entry level hourly rate or Step A of the assigned pay grade by 2,088 hours.
- c. Proposed New Positions:
A completed Position Classification Questionnaire ("PCQ"), as well as an approved organization chart must be submitted to the appropriate Personnel Office to be included in the proposed budget for the upcoming fiscal year.
 - i. Upon receipt of the PCQ, the appropriate Personnel Office will assign a new position ID number which will be listed on Budget Forms 3 & 5 as an Unclassified Title (0599).
 - ii. Proposed budget amounts shall be calculated by multiplying the entry-level hourly rate or Step A of the assigned pay grade by a minimum of 80 hours.
 - iii. In the event that the proposed new position is not currently available within the Classification Plan, the proposed budget amount shall be calculated by multiplying the anticipated pay rate by a minimum of at least 80 hours. After the position is officially classified by the appropriate Personnel Office, a program must submit Budget Revision Request to OMB to budget the position for the remainder of the Fiscal Year.
- d. Cost Shared Positions:
 - i. Cost Shared positions are funded among multiple sources of funding and shall be distributed by a proportionate percentage for each BU# totaling 100%.
 - ii. Proposed budget amounts shall be calculated by multiplying the appropriate hourly rate by the total number of proposed work hours.
 - iii. Cost Shared positions shall be documented on Budget Form 5. Each funding source shall be listed with their distributed percentage and corresponding budget amounts. The distribution must total 100%.
- e. Unfunded Positions:
 - i. Vacant positions that remain unfunded for an entire fiscal year shall be abolished. Programs may request to restore positions that were abolished within the previous fiscal year. Abolished vacant positions shall be documented on Budget Form 5 as "Abolished".
 - ii. In the event that an occupied position is eliminated due to circumstances beyond the control of the Navajo Nation, e.g. program funding is terminated, positions are not refunded, or funds are not available to continue program operations, the program shall comply with the applicable personnel policies. Deleted positions resulting in the displacement of an employee shall be documented on Budget Form 5 as a "Layoff".

2. 2200 – Salary Adjustments.

Personnel actions involving an increase in pay (i.e., reclassification, promotions, transfers, above entry new hires, etc.) that have not been processed prior to the approval of the FY2025 Comprehensive Budget shall be budgeted accordingly in Object Code 2200 - Salary Adjustments. A Budget Revision Request (BRR) must be submitted to OMB to budget the position for the remainder of Fiscal Year 2025.

- a. Performance Step Increases.
 - i. Step Increases for General Fund positions shall be paid from the PLF, if sufficient funds are available. Positions funded with money other than General Funds are not eligible to utilize the PLF.
 - ii. Step Increases shall be calculated as follows: -

- Determine the employee's anniversary date. If this information is not available, contact the appropriate Personnel Office.
 - Calculate the total number of work days from the anniversary date to the end of the Fiscal Year 2025.
 - Multiply the total number of work days by 8 for the total
 - Calculate the rate difference by subtracting the old hourly rate from the new hourly rate.
 - Multiplying the total number of work hours by the rate difference.
 - The projected cost of the Step Increase shall be budgeted using Object Code 2200 – Salary Adjustments. Once approved a BRR must be submitted to OMB to transfer funds from 2200 to 2110.
- iii. Positions occupied by employees with anniversary dates in the last quarter of Fiscal Year 2025 and/or whose Step Increase is not processed by DPM prior to the approval of the subsequent Fiscal Year Comprehensive Budget shall be budgeted using the employee's current rate of pay.
- iv. After the subsequent Fiscal Year Comprehensive Budget is approved, a BRR must be submitted to OMB to transfer funds from 2200 – Salary Adjustments to 2110 – Regular Personnel.
- b. General Wage Adjustment (“GWA”).
- i. During the Comprehensive Budget process, each Personnel Office provides OMB with cost projections for a GWA at different percentages. If a GWA is approved by the Council the cost of the GWA will be covered by the PLF and/or other funds as approved by Council.
 - ii. The GWA for externally funded Programs shall be based on the availability of funds verified by OMB and OOC and/or shall be contingent upon approval from the entity providing the funds.

3. 2510 - Overtime Pay.

4. 2610 - Holiday Pay.

Programs that normally incur employee holiday pay costs as provided for in Section VII(H) of the PPM shall budget for such expenses to ensure that payments are made in a timely manner. Holiday pay costs shall be budgeted using Object Code 2610.

Funds used to paying bonuses shall be budgeted using Object Code 2710 Merit & Bonus Pay, and shall be based on funds availability as verified by OOC.

6. 2900 - Fringe Benefits.

Branches and Programs should use the appropriate rates shown herein to calculate applicable fringe benefits for all budgeted positions and associated salaries. Fringe benefits must be budgeted for all personnel costs such as salaries, overtime, and bonuses, and shall be budgeted using Object Code 2900 – Fringe Benefits. The fringe rates are shown in Appendix D of this BIM. Program Managers are to budget an amount equal to the annual fringe rate attributable to retirement benefits for all vacant positions.

7. 7600 – Applicant Background Checks.

Programs whose budgets include positions designated as sensitive shall pay for required background checks as provided for in the PPM, and shall budget for such expenses under Object Code 7600 – Employment Related Expenses.

Any change in positions that result in displacing current employees, shall be implemented according to the PPM, or other applicable policies, and shall be reported on Budget Form 5.

E. Budgeting for personnel salaries under external funds.

In addition to complying with the above procedures, as applicable, the following are additional requirements:

1. Budgeting for personnel salaries shall be based on the Business Unit assigned to a funding grant that has been authorized for implementation via a Transmittal issued by OMB's Contracts and Grants Section.

2. Regarding funding grants for which the designated budget period is ending, the Program manager shall initiate a Request for Automation for employee assignments no later than 15 calendar days prior to the budget end date, in order to extend employee assignments and/or transition personnel to the new Business Unit of a successor funding grant. The Request for Automation shall be submitted to the appropriate Personnel Office, and shall be subject to the availability of funds and approval by OMB, OOC, and DPM.
 - a. Employees whose continued employment is processed by the effective date of a successor funding grant shall be allowed to report to work.

The report shall include the number of employee positions budgeted using the pertinent funding grant, the number of positions occupied, the number of employees who qualify for the GWA and the number who actually received the GWA. An explanation shall be provided as to those employees who have not received the GWA, and a proposed action and timeline for full implementation of the GWA for all eligible employees shall be submitted.
4. Budget Revision Requests (“BRR”) shall be submitted to budget for a GWA. Step Increases and other rate increases require verification from the requesting program and the Office of the Controller before submitting the BRR to OMB for final processing and entry into the FMIS. BRRs lacking verification will be returned to the Program without processing
5. A BRR or budget modification to transfer any amount from a budgeted position to a different Object Code within the same Business Unit shall be verified by OOC before submitting the BRR to OMB. BRRs not verified by OOC will be returned to the Program without processing.

SECTION 9. BUDGETING OPERATING EXPENSES.

A. Telecommunication Rates.

1. Telecommunication expenses shall be budgeted as follows:

a. Telephone, fax, and data circuit service lines:

The Navajo Nation Telecommunications and Utilities (“NNTU”) Department receives an annual Fixed Cost budget allocation to pay for all telephone and fax lines for prefixes 871 and 810 for basic or standard monthly service costs and long-distance service costs. So, it is not necessary for Programs using these two prefixes to budget for these costs, if applicable.

Branches, Programs, and Chapters shall budget for telecommunication expenses not included in the above item including telecommunication line installation, new equipment, and optional services (i.e. line moves, voice mail, programming for telephone features, service request fees, etc.), if they desire this equipment and these services. This also includes toll free numbers and data circuit services (DSL, T-1, or Metro Ethernet, etc.) and online meeting services, (Zoom, Google Meet, Microsoft Teams, etc.) inclusive of all installation costs and monthly recurring service costs.

b. Wireless phone services and equipment:

Branches, Programs, and Chapters shall budget for all costs associated with wireless (cellular) device services including wireless device equipment, activation, other fees and monthly recurring service costs, if they desire this equipment and these services.

c. Two-way radio communication:

Branches, Programs, and Chapters shall budget for two-way radio equipment (portable & mobile), and ancillary equipment and supplies for the repair and maintenance of two-way radio equipment,

if they desire this equipment. NNTU can no longer budget for supplies expense under the Fixed Cost-Radio Communication budget allocation.

- d. All requests for telecommunication services under (a), (b), and (c) shall be submitted to NNTU. See the NNTU website at www.нту.navajo-nsn.gov. All requests maybe emailed to NNTU@navajo-nsn.gov. Applicable telecommunications rates are tariff-driven, are approved by the applicable state commission, and can be obtained from the designated service provider in your area. Questions regarding the above, should be directed to NNTU at (928) 871-7740.

B. Budgeting Insurance Expenses.

1. Criteria for determining vehicle insurance rate and premiums.

All vehicles, regardless of whether they are assigned through the Navajo Nation Fleet Management Department, are purchased directly by a Branch, a Program, or a Chapter, or are vehicles obtained under General Services Administration (“GSA”) leases, must have associated line-item budget amounts for auto insurance costs covering physical damage, auto liability coverage if applicable, and sufficient funds to pay deductibles in the event of a claim. The insurance rates for fleet vehicles are shown in Appendix E-1 of this BIM. Questions regarding vehicle insurance, should be directed to the Risk Management Department at (928) 871-6335.

2. Property.

Each Branch, Program, and Chapter is *required* to budget for property insurance premiums. The rates and deductibles are as follows:

Coverage	Rate	Per Value	Deductible
Contents	\$0.32	\$1,000	\$1,500
Contractor’s equipment	\$0.32	\$1,000	\$1,500

Example: Program reports \$50,000 in total insurable values (TIV) for its property contents and contractor’s equipment. Formula: \$50,000 (TIV) ÷ \$1,000 = \$50 x \$0.32 = \$16.00. Program should then budget \$16.00 for property insurance premium based on the TIV reported.

3. General Liability.

Each Branch, Program, and Chapter is required to budget for general liability coverage. General liability rates are \$0.15 per \$100.00 of payroll including fringe benefits.

Example: Program reports \$500,000 in total payroll (including fringe benefits). Formula: \$500,000 (total payroll) ÷ \$100 = \$5,000 x \$0.15 = \$750.00. Program should then budget \$750.00 for general liability premium, based on reported total payroll.

4. Exposure Summary Information.

The Risk Management Department (RMD) has an “Exposure Summary Packet” (UES) for policy year 2024 which will assist each Division, Department, Program, or Chapter in determining premium rates to be budgeted.

Please contact RMD at (928) 871-6335 for further information regarding insurance rates, deductibles, or loss/damage to Navajo Nation property. If you have any questions, please contact Program directly at extension 6335.

5. Workers’ Compensation Insurance Expenses.

Workers’ Compensation Insurance is required by Navajo Nation law and is a necessary expense when performing Navajo Nation business.

Coverage to be budgeted under Worker’s Compensation Insurance includes:

- a. regular status employees;
- b. political appointee;
- c. temporary employee, including college interns and youth employees;
- d. Navajo Nation judges;
- e. Council delegates;
- f. Eastern Land Board, grazing committee members, grazing officers, Farm Boards members;

- g. volunteers; and
- h. commissions established by the Navajo Nation;
- i. emergency response volunteer workers; and
- j. all Navajo Nation enterprises.

Ineligibility for Workers' Compensation Insurance coverage includes:

- a. program for Self-Reliance customers;
- b. court ordered trustees;
- c. private contractors; or
- d. consultants.

For budgeting purposes, the premium rate approved for Fiscal Year 2025 is set at \$0.96 per \$100 of the gross payroll amount (not including fringe benefits) for all Programs, including volunteers and firefighters.

Example: Program reports \$250,000 in gross payroll (less fringe benefits). Formula: $\$250,000$ (gross payroll) \div $\$100 = \$2,500 \times \$0.96 = \$2,400$. The Program should then budget \$2,400 for Workers' Compensation insurance premium.

6. Chapters Workers' Compensation Insurance or Expenses.

The premium rate approved for Fiscal Year 2025 for all Chapters is \$0.65 per \$100 of payroll not including fringe benefits.

Example: Chapter reports \$100,000 in gross payroll (less fringe benefits). Formula: $\$100,000$ (gross payroll) \div $\$100 = \$1,000 \times \$0.65 = \650 . The Chapter should then budget \$650 for Worker's Compensation premium, based on gross payroll.

C. Travel Policies and Rates for Reimbursement Purposes.

For information regarding budgeting for travel, including personal travel, and the most recent Continental United States ("CONUS") per diem rates, supplements and mileage charts, contact OOC at (928) 871-6308/6433 or www.nnooc.org. The OOC/Accounts Payable Section maintains the official mileage for most travel destinations, as well as travel reimbursement rates. Rates are updated annually and become effective January 1st of each year.

Privately owned vehicle travel reimbursement rates are as follows:

- 1. \$0.67 per mile (if no Government Owned Vehicle is available)
- 2. \$0.21 per mile (if a Government Owned Vehicle is available)
- 3. \$0.65 per mile (Motorcycle POV rate)

D. Fleet Management User Rates.

The Fiscal Year 2025 Fleet Management user rates are shown in Appendix E-2. Any questions regarding these rates and the application of these rates should be directed to the Fleet Management Department at (928) 871-6425. The monthly rental, the mileage, and the vehicle type should be budgeted using the appropriate Object Code. The Navajo Nation Sales Tax is not included in the vehicle user rates and, therefore, Programs must calculate on a separate line in the fleet object codes, the appropriate tax rates in addition to the fleet user rates.

E. Records Management/Duplicating Rates

The duplicating rates for the various types of services with appropriate descriptions are shown in Appendix E-3. These rates are to be used to budget amounts in the appropriate Object Codes if copying services from the Records Management Department are to be used during the Fiscal Year. For inquiries regarding other types of copying services, contact the Records Management Department at (505) 371-5113.

F. Air Transportation Rates

SECTION 12. BUDGET REVISION INSTRUCTIONS AND PROCEDURES.

A. Purpose.

1. To provide guidance for the administration and processing of proposed revisions to approved budgets; and
2. To establish effective controls for the accountability and integrity of Navajo Nation budgets and funds, including External Funds and Navajo Nation funds.

B. Scope.

These procedures apply to all fund types (Governmental, Proprietary, Fiduciary and Special Revenue set up as Navajo Nation budgets) as defined in the Appropriations Act, at 12 N.N.C. § 810(S).

C. Types of Budget Revisions.

A budget revision involves a change to an approved budget that deviates from the approved financial plan. The four basic types of budget revisions are:

1. Budget/Object Code Transfer - the transfer of budgeted funds from one Object Code to another within the same Business Unit.
2. Budget Reallocation - the transfer or reallocation of budget funds between Business Units which shall require Oversight Committee approval before the budget reallocation can be processed. Budget reallocations should be processed on a quarterly basis

3. Budget Modification - an increase or decrease of \$500,000 or more to an existing business unit budget under original approved budget. Such a modification requires Oversight Committee approval before the modification can be processed.
4. Reimbursements – at times refunds of prior expenses become available (e.g. FEMA and others). Generally, if the refund is a reimbursement to a General Fund Business Unit the money should go back into the General Fund. In such cases, Oversight Committee approval is required before a budget modification can be processed, because this situation is an approval of additional funds that the Navajo Nation receives. OOC acknowledgement and concurrence is required for refunded money to be deposited.

D. Requirements and Restrictions.

1. The Budget Signature Authorization Form (“BSAF”), available from OMB or its website, must be on file at OMB to verify that the designated signatories are authorized to process the budget revision for the Business Unit. OMB will not accept budget revision requests that are signed by unauthorized program personnel. The BSAF shall be renewed and submitted to OMB at the beginning of each Fiscal or Grant Year or whenever authorized personnel changes occur.
2. The Budget Revision Request (BRR) shall include the following: (1) an analysis of the impact to the Object Code losing funds, (2) the remaining balance for the funding term, (3) the sufficiency of the amount being transferred, (4) the Object Code the gaining funds, and (5) the impact to the intent of the original funding approval or budget. For Programs funded by Navajo Nation Funds, impacts on the Program’s approved performance criteria must be clearly stated. If the BRR significantly affects or changes the intent of the original funding approval or budget, Oversight Committee approval shall be required before the BRR can be processed...i.e. budget re-allocation.
3. If a budget in the Business Unit has deficits in any of its Object Codes, the BRR shall include transfers to clear the deficit.
4. BRR are for budget transfers between LOD 6 object codes with the exception of fringe benefits at LOD 5.
5. Each Program or Business Unit shall be limited to one BRR per month, except for special circumstances which the Program must explain and justify in a separate memorandum.
6. The minimum amount of a BRR shall be one hundred dollars (\$100), except for special circumstances, as justified in writing by the Program and approved by OMB.
7. BRRs that are marked up, have changes, or are illegible will not be processed but returned to the Program for corrections.
8. BRRs that are received at OMB more than 2 weeks after the date of the appropriate signature will not be processed but returned to the Program for updated signatures.
9. For financial propriety, it is not acceptable for the same person to be both the person requesting the BRR and also the person approving the BRR. The same requirements apply to the Legislative and Judicial Branches. Executive Branch Programs shall obtain the signature approval of the Office of the President/Vice President for the Division’s BRRs before submitting to OMB. For all BRRs, the BSAF will be checked to verify authorized signatures.
10. Original documents, such as Personnel Action Forms, Purchase Orders, Request for Direct Payment, etc., should not be attached to the BRR Form. However, copies of these documents may be attached for justification purposes.
11. General Funds cannot be transferred from the following Object Codes:
 - (a) 2001 series: In the 1st, 2nd, and 3rd Quarters, transfers are allowable within the Personnel Expenses 2001 major object code series. For example, funds from the Salary Adjustment object code (2200) may be transferred into the Merit Pay object code (2710). Beginning in the 4th Quarter, personnel expenses cannot be transferred from

Personnel Cost (2110), and Fringe Benefits cost (2900), pursuant to the PLF moratorium established in Resolution CF-07-11, as amended by CJY-66-23.

- (b) 8020 series: Direct Services or Public Assistance (except with oversight committee approval).
- (c) 9510 series: Matching Funds (except with oversight committee approval).

E. Budget Revision Request Process.

1. For all Navajo Nation Funds and External Funds, Programs must complete and submit a Form BSAF at the beginning of each fiscal year and upon change of signatory personnel, before any BRR can be processed.
2. The BRR with appropriate required signatures shall be submitted to OMB for review and consideration for approval two weeks prior to date the additional or increased budget amount is needed.
3. Upon receipt of the BRR, OMB will review the request for compliance with appropriate policies and procedures, funds availability, and performance impact, and then recommended action to OMB's Executive Director.
4. OMB's Executive Director shall approve or disapprove the BRR. Forms will be returned disapproved and will include comments if significant changes or additional justification or clarification is needed. If the information, amounts, and figures are altered or not legible, a new BRR Form shall be completed and submitted.
5. Upon approval by the OMB's Executive Director, a copy of the completed and approved BRR and a FMIS batch report will be transmitted back to the Program.
6. For BRRs on External Funds where funds are reallocated in the Personnel budget (increases or decreases) to and from other LOD 6 line-item budgets, OOC Contract Accounting shall verify the availability of sufficient funds that will be designated for new personnel sub-accounts or for transferring of PLF savings.
This is applicable when a Program processes a PAF for hiring new employee(s) and all information is verified for accuracy (Business Unit, subaccount code, expiring assignments for dates) related to the new subaccount of the personnel budget.
A current Budget Form 3 should be attached to the BRR to identify which personnel sub-accounts are affected by the transfer of funds. A reconciliation must be prepared by the Program in order for the OOC Contract Accounting to approve the BRR.

|----------------|---|
| S - SPECIFIC | What do you want to accomplish this fiscal year 2025? |
| M - MEASURABLE | How will you measure and track the performance of your program? |
| A - ACHIEVABLE | Is the goal achievable taking into account time, skills and budget? |
| R - RELEVANT | Does the goal align with the overall organization's goal? |
| T - TIME BOUND | What will be the start and end date for the goal? |

- What is the program responsible for? What is expected of the program?
- Focus on the key responsibilities or goals related to the situation.

(A) Action

- Detail the actions to address the situation to complete the task.
- Describe what was accomplished.
- Be specific and avoid vague statements.

(R) Result

- Share the outcomes/result.
- What impact did your efforts have?
- Emphasize achievements, improvements, or lessons learned.
- Demonstrate success story.

- B. Grant award by funding agency that is based on grant application that obtained Administrative Review prior to submission to funding agency, can be accepted through expedited review for implementation. OMB Contracts and Grants Section shall provide guidance.
- C. Modification to existing Contract or Agreement on allocation of additional funding or other change approved by the funding agency, can be accepted through expedited review for implementation. OMB Contracts and Grants Section shall provide guidance.

SECTION 7. ACCEPTANCE OF GRANT AWARD OR FUNDS RECEIVED, ASSIGN FMIS BUSINESS UNIT, AND AUTHORIZATION TO EXPEND BUDGET.

The quickest way for a Program to access its External Funds is to ensure that the application or request for renewal of multi-year Contract / Agreement is processed through the appropriate Administrative Review process and is deemed sufficient. The conditions or processes under which OMB will assign FMIS Business Unit, enter budget in FMIS and authorize expenditures are shown below.

- A. When an application/proposal is reviewed in the Administrative Review process prior to submission to funding agency and the External Funds award is consistent with the application/proposal, the Program shall submit to OMB the Notice of Award (“NOA”) supported by the previously reviewed application/proposal. If the Branch Chief’s signature is required for the award, OMB will coordinate with the Program to obtain the signature and thereafter enter the External Funds budget in the FMIS. If the Branch Chief’s signature is not necessary, OMB will create the Business Unit in the FMIS.
- B. When an application is reviewed by OMB through the Administrative Review process and the grant award is not consistent with the application, the applicable correction or modification shall be made by the Program in order to match the award and the NOA, and supporting documents shall be submitted to OMB. OMB will determine if the application packet needs to be reviewed through the Administrative Review process before OMB enters the budget in the FMIS and authorize expenditures.
- C. If the application/proposal was not processed through the Administrative Review before submitting to the funding agency, when the grant award is received, the Program will be required to submit the application and the NOA or grant agreement through the Administrative Review process for acceptance by the Navajo Nation. Thereafter OMB will enter the budget into the FMIS and authorize expenditures.
- D. Successor year (annual) grants on multi-year contracts or agreements that are awarded automatically by the funding agency without the Navajo Nation submitting a separate yearly grant application shall obtain Administrative Review for acceptance by the Navajo Nation first. Thereafter, OMB will enter the budget into the FMIS and authorize expenditures.
- E. For grants that operate on a fee-for-services basis, the budget shall be set up at the (annual) amount provided by the funding agency and at the end of the grant year the budget shall be adjusted for actual fees earned and reimbursed. Expenditures on these accounts shall be monitored by the Program to ensure such expenditures do not exceed the actual fees generated and collected.

- F. Subject to recommendation by OMB and approval by OCC, applications pending an award or award pending execution on recurring grants on which the effective date of the budget period has commenced, may be implemented on a restricted-budget-use basis. Expenditures shall be strictly limited to essential costs related to the life, health, welfare, and safety of the public. The Program Manager responsible for administering the External Funds shall ensure the grant award is secured and executed promptly so the restriction is lifted by OMB and the grant funds are available for unrestricted budget use. OMB may recommend, and OOC may approve, such restricted expenditures based on satisfaction of the following criteria:
1. Generally, only recurring grants shall be considered for restricted expenditures on an application pending an award or a grant award pending execution; nonrecurring grants may be considered on a case-by-case basis at the discretion of OMB and the Controller;
 2. The grant application must be deemed sufficient by OMB and authorized through appropriate Administrative Review process, before being submitted to the funding agency;
 3. There must be statutory language or written authorization provided by the funding agency that specifies the funding amount authorized and the funding period authorized; also, the funding agency must attest that all costs incurred on the grant shall be reimbursed to the Navajo Nation;
 4. The budget should be for the entire grant year, but the total amount shall not exceed the latest enacted budget for the year; the Personnel Action Form ("PAF") to continue employment of personnel from the current funding year to successor year(s) shall be processed accordingly;
 5. The respective Division Director shall request, in writing to OMB and OOC, authorization for restricted use of the budget and shall explain the reason(s) the grant award has not been executed and the actions that will be taken to resolve the issue.

SECTION 8. GRANT AWARDED / FUNDS ALLOCATED BASED ON REQUEST / PROPOSAL SUBMITTED TO FUNDING AGENCY WHICH IS NECESSARY TO SECURE FUNDS ALLOCATED.

- A. The Program Office, Chapters, etc. that are awarded grant or allocated funds shall compile the following and submit it under Document review cover for acceptance by the Nation. The award and budget will be entered in FMIS after review is completed and authorized for implementation thereafter.
1. By memorandum, the funding recipient shall explain what the funding was based on and attach the document that was submitted to funding agency.
 2. Notice on funds allocated or awarded by the funding agency that specifies the funding amount, the term begin and end date, if available a Grant Agreement with terms and conditions.
 3. Scope of Work and Budget that is based on Section 5. A. 2. And 3. Above.

SECTION 9. IDC REQUIREMENTS ON BUDGETING.

- A. All matters regarding budgeting for IDC Recovery and allocation of projected IDC funds shall be in accordance with 2 CFR Part 200 (Uniform Guidance) or other federal regulations applicable to the funding agency, and with applicable Navajo Nation laws, and budget policies, and procedures.
- B. Allocation of IDC Funding for the annual NN Comprehensive Budget.
1. Projected IDC Recovery for allocations in the Comprehensive Budget shall be provided by OMB and OOC, for approval by Budget and Finance Committee.
 2. The approved Projected IDC Recovery, and excess IDC funds recovered beyond the projection, shall be allocated only to those Programs in the IDC Pool and shall be based on the Programs' percentages in the IDC Pool, as established in the latest approved IDC Rate proposal.
 3. IDC Recovery allocations shall be in addition to General Funds and other Navajo Nation Funds. The cumulative amount of Navajo Nation Funds and IDC funds will serve as the Programs' base budget or budget planning amount when submitting their requested Fiscal Year budgets.
- C. Budgeting for IDC Recovery.
1. Budget for IDC Recovery shall be included in all applications for federal funds and awards pursuant to 2 N.N.C. §701(A)(10), if the funding agency allows for IDC Recovery. Budgets for IDC Recovery shall be included in all applications and awards for state, county, and local government funding agencies if the funding agency allows for IDC recovery. A Program need not seek a waiver of the IDC Rate under 2 N.N.C. §701(A)(10) if the non-federal funding agency does not allow the Program to apply the current IDC rate under the latest approved IDC Negotiation Agreement.
 2. The IDC Rate in the latest executed IDC Negotiation Agreement between the Interior Business Center/DOI and the Navajo Nation shall be used to budget for IDC Recovery.

3. IDC Recovery in the grant application and award by the funding agency shall be a specific budget line item in the grant agreement.
 4. Proposed use of an IDC Rate on a federal funding award that is different from the latest approved IDC Rate requires a waiver by the Naa'bik'iyáti' Committee pursuant to 2 N.N.C. §701(A)(10). The Program requesting such waiver must commit its General Funds to offset the lack of IDC Recovery (see 2 N.N.C. §701(A)(10)(b)). Chapters requesting a waiver are not subject to administrative costs assessed by the central Navajo Nation government (see 2 N.N.C. §701(A)(10)(c)).
 5. If a funding agency has a statutory cap on administrative costs but the funding agency allows the Program to use the current IDC Rate to recover IDC, the Program need not seek a waiver of the IDC Rate from the Naa'bik'iyáti' Committee, even if the administrative cost cap has the effect of reducing overall IDC Recovery.
 6. When an External Funds grant covers multiple Fiscal Years or the grant's funds are carried over from the current Fiscal Year to the successor Fiscal Year, the approved IDC Rate in place at the time the funds are expended shall be used for IDC Recovery.
- D. Calculating the Budget for IDC Recovery.
1. The formula to calculate the budget for IDC Recovery is as follows. Use Form Check sheet marked Appendix K-4 to calculate the budget amount for IDC Recovery and submit it with the budget for grant applications and grant awards.
 - (a) Budget for IDC Recovery = $\text{IDC Base} - [\text{IDC Base} / (1 + \text{IDC Rate})]$.
 - (b) IDC Base = Total Grant Award, less exclusion and pass-through funds. A list of accounts (Object Codes) eligible for exclusion and pass-through is shown in Appendix K-4.
 2. Example for IDC Recovery:
 - Total grant award is \$150,000.
 - Budget for equipment is \$50,000.
 - IDC Base is \$100,000 = (\$150,000 award - \$50,000 exclusion).
 - FY 2024 IDC Rate is 15.90%.
 - Budget for IDC Recovery is \$13,719 = $\$100,000 - (\$100,000 / 1.159)$.

SECTION 10. REQUEST FOR MODIFICATION OF GRANT AGREEMENTS.

- A. The types of modifications to External Funds grant agreements, as requested by the Navajo Nation, include: extension of the end date of the grant period; carryover of unexpended award funds from the current year to a successor year Business Unit; revisions to the scope of work and/or the budget; etc.

- B. The CBP applies to all Administrative Staff and Chapter Officials for all 110 Chapter governments as defined in the Local Governance Act (LGA), 26 N.N.C. §§1 et. seq.
- C. This CBP shall be interpreted in a manner consistent with the Chapter Budget Procedures (Appendix M of this BIM) and the ASC Plan of Operation, as amended.

This includes carry-over budgets unless the NNC expressly authorizes its use for a different purpose.

The acquisition, use and balances of the Navajo Nation's expendable financial resources and the related liabilities (except those accounted for in proprietary funds and the long-term obligations account group) are accounted for through governmental funds. The measurement focus is based upon determination of changes in financial position, rather than upon net income determination. The following are the Navajo Nation's governmental fund types:
 - a. "General Fund." This Fund is the general operating fund of the Navajo Nation. It is used to account for all financial resources except those required to be accounted for in another fund.
 - b. "Special Revenue Fund." This Fund is used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. This fund includes Externally Restricted Funds which is defined as Funds received by the Navajo Nation from sources other than the Navajo Nation for a specific purpose.

- c. "Capital Projects Fund." This Fund is used to account for the financial resources and expenditure for the acquisition or construction of those capital improvements defined in Subsection (F) above (other than those financed by proprietary funds and fiduciary funds).

The following are the Navajo Nation's proprietary fund types:

- a. "Enterprise Fund." This Fund is used to account for Navajo Nation operations that are financed and operated in a manner similar to private business enterprises - where the intent is that the costs of providing goods or services to the public be financed or recovered primarily through user charges: or where a periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for accountability purposes.

Nonexpendable trust funds and pension trust funds are accounted for in a manner similar to proprietary funds.
4. The foregoing definitions concerning fund types shall not be deemed to create any exceptions to the Navajo Nation Sovereign Immunity Act.

§ 820. OVERALL BUDGET POLICIES

(A) Comprehensive Budget. The Navajo Nation government shall operate pursuant to a Comprehensive Budget.

(B) Budget Impact Analysis. All requests for appropriation of Navajo Nation funds shall be subject to budget impact analysis, which shall include, but not be limited to, needs and costs evaluations, based on objective criteria.

(C) Long Term Fiscal Viability. The Navajo Nation shall prepare each annual budget to ensure the long-term ability to provide services at levels set by the Navajo Nation government.

(D) Balanced Budget. The Navajo Nation budget shall balance revenues and expenditures. Appropriations may not exceed available revenues.

(E) Recurring Operating Costs Paid from Recurring Revenues. The Nation shall budget all recurring operating expenses, including maintenance of capital facilities, from recurring revenues. Long-term debt shall not be used to finance recurring operating expenses.

(F) Non-Recurring Revenues. The Nation shall restrict non-recurring revenues to budget nonrecurring expenditures. In addition, non-recurring revenues will be budgeted only after an examination by the Controller to determine whether or not the revenues are subsidizing an imbalance between recurring revenues and expenditures, and expenditures may be authorized only if a long-term (three-to-five year) forecast shows that the operating deficit will not continue. Otherwise, non-recurring revenues will be added to the Unreserved, Undesignated Fund Balance. This provision may be amended or waived only by a two-thirds (2/3) vote of the full Council.

(G) Matching Requirements. Funds appropriated to match funds from external sources shall be maintained in separate accounts administered by the Controller. If matching funds are not obtained from the external sources, the appropriated funds shall revert to the Unreserved, Undesignated Fund balance.

(H) Long-Term Debt. Annual debt service for long-term debt shall not exceed eight percent (8%) of annual recurring revenue and long-term debt shall not be authorized until the impact of annual debt service on the annual operating budget, including sinking fund contributions, has been analyzed and a determination has been made that debt service payments are in compliance with this Section.

(I) Capital Budget. Development of the Capital Budget shall be coordinated with development of the Operating Budget. All budget requests for capital improvements shall be in compliance with an adopted Capital Improvement Plan and shall not be approved unless in compliance with the Plan.

(J) Establishment of Reserves. For the General Fund, the Minimum Fund balance for Unreserved, Undesignated Fund balance shall be maintained at not less than ten percent (10%) of the Navajo Nation's General Fund Operating Budget for the prior fiscal year, excluding expenditures for Capital Improvement projects as determined by the Controller. The Minimum Fund Balance may be amended only by two-thirds (2/3) vote of the full membership of the Navajo Nation Council. The Controller shall keep the Office of the President, the Office of the Speaker and the Budget and Finance Committee of the Navajo Nation Council advised at least quarterly as to the status of the Minimum Fund balance for Unreserved, Undesignated Fund Balance. Further, Unreserved, Undesignated Fund Balance shall not be utilized for funding recurring expenditures or operations of the Navajo Nation government.

(K) Receipt of Additional Revenues. Funds received in excess of the initial or current revenue projections shall be deposited into the General Fund Unreserved, Undesignated Fund balance unless otherwise designated by the Navajo Nation Council.

(L) Supplemental Appropriations. The Navajo Nation Council may adopt and approve supplemental appropriations to the Annual Comprehensive Budget during the fiscal year. Supplemental appropriations of General Funds within the current fiscal year are permitted, (1) if and when additional sources of revenues above and beyond the initial or current revenue projections are projected and which are also in excess of the reserve amount set forth at § 820 (J), or (2) when the Unreserved, Undesignated Fund balance is in excess of the reserve amount set forth at § 820 (J). Upon notification from the Controller of additional projected funds or when the Unreserved, Undesignated Fund balance is in excess of the reserve amount set forth at § 820 (J), the Budget and Finance Committee may convene budget hearings for the purpose of hearing and considering requests for supplemental appropriations. Supplemental appropriations to programs or activities with approved fiscal year operating budgets must be supported by additional recurring revenues for the same fiscal year. The Budget and Finance Committee, at the recommendation of the respective oversight standing committee(s), may recommend supplemental appropriations to the Navajo Nation Council. Supplemental appropriations made from non-recurring revenues shall only be made for non-recurring operations or purposes, as set forth at § 820 (F). The Controller of the Navajo Nation shall be responsible for designating recurring and non-recurring revenues and purposes.

(M) Office of Management and Budget. The Office of Management and Budget, as authorized by its Plan of Operation as amended, shall be responsible for consolidation and preparation of all phases of the Navajo Nation budget. The Office shall coordinate the overall preparation, adoption and implementation of both the annual operating and capital budgets of the Navajo Nation. All requests for annual operating funds and supplemental funds shall be submitted to the Office of Management and Budget for budget impact analysis and other appropriate action.

(N) Appropriations Lapse: Appropriations approved by the Navajo Nation Council will lapse at the end of the fiscal year unless otherwise designated by the Navajo Nation Council. Appropriations to the chapter of the Navajo Nation shall not lapse at the end of the fiscal year provided that the chapters shall budget those funds in the subsequent fiscal year in accordance with the purposes and conditions originally set forth by the Navajo Nation Council in its appropriations.

(O) Distributions to Chapter. Where not otherwise prohibited by existing law, any appropriation intended for distribution to all chapters of the Navajo Nation shall be allocated as follows: fifty percent (50%) of the appropriation shall be divided equally among all chapters and the remaining fifty percent (50%) shall be divided proportionately among the chapters using a percentage equal to that figure which the number of registered voters in each chapter bears to the whole of registered Navajo Nation voters as determined by the most current voter registration figures available as of the date of the appropriation, except that appropriations for chapter official stipends shall be equally divided among all the chapters regardless of the percentage of registered voters in the chapter.

(P) Navajo Nation Grants. Any entity of the Navajo Nation requesting a grant from the Navajo Nation through the submission of a budget request shall first meet the following requirements:

1. The program receiving the grant shall have an approved plan of operation;
2. The budget request shall be a part of a recommended division or branch budget;
3. The respective oversight committee for the division or branch shall have made an affirmative recommendation on the request.

(Q) Local Government Funds are used to address the improvement needs of the local governments that may consist of, but are not limited to, house wiring and bathroom additions. An amount equal to the actual cost of proposed projects but not to exceed twenty-five percent (25%) of that year's capital improvement appropriation will be appropriated into the Local Government Funds for these projects. Additional amounts may be appropriated from time-to-time or may be obtained from other sources.

(R) Condition of Appropriation.

1. The Navajo Nation Council may include one or more Condition of Appropriation in a resolution approving the comprehensive budget.
2. A Condition of Appropriation will only be directed to the specific program having direct responsibility to fulfill the required task or tasks, and not to a general branch or division.
3. A condition may require a freeze on the expenditure of travel funds of the program, or a withholding of up to ten percent (10%) of the gross salary of the program director of the program tasked with fulfilling the condition, if the condition is not performed within a specified time period within the fiscal year. The restriction on expenditures will continue until the condition is fulfilled, as found by the Budget and Finance Committee pursuant to Subsection 5. A program director's salary cannot be withheld if his or her salary is already being withheld for failure of the program to fulfill another Condition of Appropriation, or for failure to implement a corrective action plan issued by the Auditor General pursuant to 12 N.N.C. § 9(C). The withholding of salary shall not apply to a program director hired after the Budget and Finance Committee has imposed salary withholding on the prior program director's salary unless, after consultation with the new program director, the Office of the Controller, and the Office of Management and Budget, and upon recommendation of the appropriate Council committee with oversight over the program, the Budget and Finance Committee, by resolution, votes to impose such withholding. The director may grieve that action by filing a complaint with the Office of Hearings and Appeals within ten (10) working days of the Budget and Finance Committee's action. The decision of the Office of Hearings and Appeals will be final, and there shall be no right of appeal to any court.
4. Prior to the approval of a Condition of Appropriation, the Navajo Nation Council shall consult with the director of the program required to fulfill the condition, as well as the Office of the Controller, and the Office of Management and Budget. The consultation shall include a discussion of the feasibility of the program fulfilling the Condition, including within the time period proposed by the Council, and any alternatives to the proposed Condition.
5. If a Condition of Appropriation is not fulfilled within the time period required, the Budget and Finance Committee, after consultation with the program director, the Office of the Controller, and the Office of Management and Budget, and upon the recommendation of the appropriate Council committee with oversight over the program, may, by resolution, vote to (1) implement the restriction on the program's expenditures authorized by Subsection 3, (2) extend the time period for the program to fulfill the condition, or (3) vacate the condition if it is infeasible for the program to fulfill. If the Budget and Finance Committee requires the withholding of the program director's salary, the withholding shall be effective only after the Committee's action, and cannot be applied retroactively to withhold salary already earned by the program director.
6. If, pursuant to Subsection 3, the Budget and Finance Committee approves the withholding of the program director's salary, the director may grieve that action by filing a complaint with the Office of Hearings and Appeals within ten (10) working days of the Budget and Finance Committee's action. The decision of the Office of Hearings and Appeals will be final, and there shall be no right of appeal to any court.
7. If, after imposition of a restriction authorized by Subsection 3, the program believes it has fulfilled the Condition of Appropriation, it shall present evidence of fulfillment of the condition to the Budget and Finance Committee through presentation of a report. If, after consultation with the Office of the Controller and the Office of Management and Budget, the evidence provided shows fulfillment of the condition, the Budget and Finance Committee shall, by resolution, vote to declare the condition fulfilled, and lift the restriction. Any accrued amount of salary withheld from the program director will then be returned to the director. If the Budget and Finance Committee decides the condition is not fulfilled, it shall make such finding and, by resolution, vote to continue or lift the restriction. If the Budget and Finance Committee votes to continue any withholding of a program director's salary, the director may grieve that action by filing a complaint with the Office of Hearings and Appeals within ten (10) working days of the Budget and Finance Committee's action.

The decision of the Office of Hearings and Appeals will be final, and there shall be no right of appeal to any court.

8. If, at the end of the fiscal year, the condition has not been met, any salary withheld from the program director shall be forfeited. There shall be no challenge to any forfeiture.
